Brit's BUMPY RIDE

Star Shots
Moment Of The Week

SOME bad habits are hard to break! Just ask **Britney Spears**. Although she seems intent on getting her life back on track, the troubled pop star is facing a couple of bumps on the way to recovery. Not only is her bulging belly fueling pregnancy rumors, but she's back in the arms of her cheating paparazzo beau, Adnan Ghalib! Friends thought Brit was finally done with the lensman lothario after she discovered he had hooked up with gorgeous aspiring model Amanda Pagel. But on March 8 Britney was spotted with Adnan, driving his Mercedes-Benz. Could her belly be the reason she's taken him back? "There is always the chance they will reconcile — especially if Britney is having his baby," a friend of Brit tells *Star*. Time will tell! ★

Clad in a T-shirt and jeans, Britney couldn't hide her protruding belly as she shopped at L.A. boutique Intermix on March 5.

E.T. Phone Home

They were dining out with friends, but Drew Barrymore and Justin Long had eyes only for each other — and Drew's cell phone! The lovebirds huddled close as they viewed pix from their recent trip to Mexico over dinner at L.A.'s Osteria La Buca on March 7.

Member Of The Wedding

Stunning in a long black Lisa Ho gown, Kate Bosworth helped her former personal assistant Jacqui Louez celebrate her wedding on Balmoral Beach in Sydney Harbour, Australia, on March 8.

G.I. Jess

Nope, she's not filming another G.I. movie! This time, Jessica Simpson's army gear is for real! The sexy singer landed in Kuwait on March 10 to perform for U.S. troops stationed at Camp Buehring. "I can't wait to get up there and have fun with everybody," said Jess before hitting the stage for the three-hour concert organized by Operation MySpace.

Catch Of The Day

Looks like this dolphin has fallen for Carrie Ann Inaba hook, line and sinker! The stunning *Dancing with the Stars* judge got a friendly kiss on the cheek on March 7 at Ocean World Adventure Park in the Dominican Republic, where she was relaxing at the Maxim Bungalows at Cofresi Beach.

Idol Worship

Who said being on *American Idol* is all work and no play! The show's lucky 12 finalists hit the red carpet at the *Horton Hears A Who* premiere in L.A. on March 9 and got to rub elbows with the animated movie's stars, including Jim Carrey (the voice of Horton) and his girlfriend Jenny McCarthy.

Star Shots

Pec-tacular!

No wonder they call him McSteamy! *Grey's Anatomy* doc Eric Dane showed off his hot beach bod while shooting a scene for the comedy *Marley & Me* with Owen Wilson at Miami's Crandon Beach on March 6. Dane plays Owen's best friend in the film, based on journalist John Grogan's memoir.

Groovy Groupie

No, Mischa Barton isn't shooting a movie about Woodstock — but it sure looked that way! Clad in a headband and miniskirt, the former *The O.C.* star stepped out in West Hollywood on March 6 with the perfect hippie-chick accessory: Her long-haired beau, Taylor Locke, lead guitarist for the rock band Rooney!

Coffee, Tea Or Me?

Since when did flight attendants start going topless? Wait, that's Kathy Griffin! The *My Life on the D-List* star crashed the Shirtless Hot Man Contest on Air New Zealand's historic Pink Flight from San Francisco to Sydney on Feb. 26 — and promptly stripped off her T-shirt!

Teacher's Pet

Yup, here's Brit's little sis, Jamie Lynn, back in action! The pregnant *Zoey 101* star returns to the small screen on March 20 with a guest spot on the new ABC comedy *Miss Guided*, starring Judy Greer. Jamie Lynn plays a troubled student on the sitcom's premiere episode — but don't look for a baby bump! The segment was shot last October.

Presto, Elmo!

Careful, Elmo, he might make you disappear! When former *Arrested Development* star Will Arnett suited up as Max the Magician for *Sesame Street*'s 39th season, which begins airing in August, he tried out lots of tricks on the cast!

Star Shots

New York Or Bust!

Heading out of Texas, where the Jolie-Pitt clan has set up camp while Brad shoots the drama *Tree of Life*, voluptuous mom-to-be Angelina and son Maddox, 6, wore matching smiles as they caught a flight from Austin to NYC on March 4. Angie was set to attend a meeting of the Education Partnership for Children of Conflict, a source tells *Star*.

Common Scents

Sarah Chalke takes time to stop and smell the roses! Well, sort of. The *Scrubs* star leaned in close to a bunch of blooms while shooting a TV ad for Hanes' new No Ride Up Panty, directed by her costar Zach Braff!

Hil's Hoodie Hottie

Hilary Duff and her New York Islanders beau, Mike Comrie, are still going strong! Since hooking up last summer, L.A.-based Hil spends more time than ever in NYC, attending Mike's hockey games, and they take leisurely strolls together, as they did on March 5. "They really put in a big effort to see each other," says Hil's big sis, Haylie.

So In Vogue

Off on your honeymoon, Carrie? With Mr. Big (a.k.a. Chris Noth) lugging the Louis Vuitton, a very chic Sarah Jessica Parker struck her best supermodel pose in NYC on March 5, while famed photographer Annie Leibovitz snapped the *Sex and the City* movie stars for an upcoming issue of *Vogue* magazine.

EXCLUSIVE INTERVIEW

Magic Man GETS HIS GROO

Dancing with the Stars' sixth season is pure magic — thanks to new competitor Penn Jillette!

Though Penn towers over partner Kym, he lets her call the shots! "Kym is the boss!" he says. "I hope she's happy with me — if not, she's doing a great job of faking it."

LEGENDARY trickster **Penn Jillette** should be quite a treat to watch on the *Dancing with the Stars* stage! The Las Vegas-based magician, half of the dynamic duo Penn & Teller, teams up with fleet-footed beauty **Kym Johnson** for the show's sixth season. A married dad of two, Penn, 52, talks to *Star* about his hot new moves!

Q: Why did you join *DWTS*?
I was born to dance! Plus, I love to learn new things. I juggle, I can ride a unicycle, and I am a high-wire walker. So this is a new challenge.

Q: Many stars have lost weight doing the show. Have you?
I've lost 50 pounds! I started running eight miles a day and began to eat more healthy before the show started. Now I rehearse five hours a day!

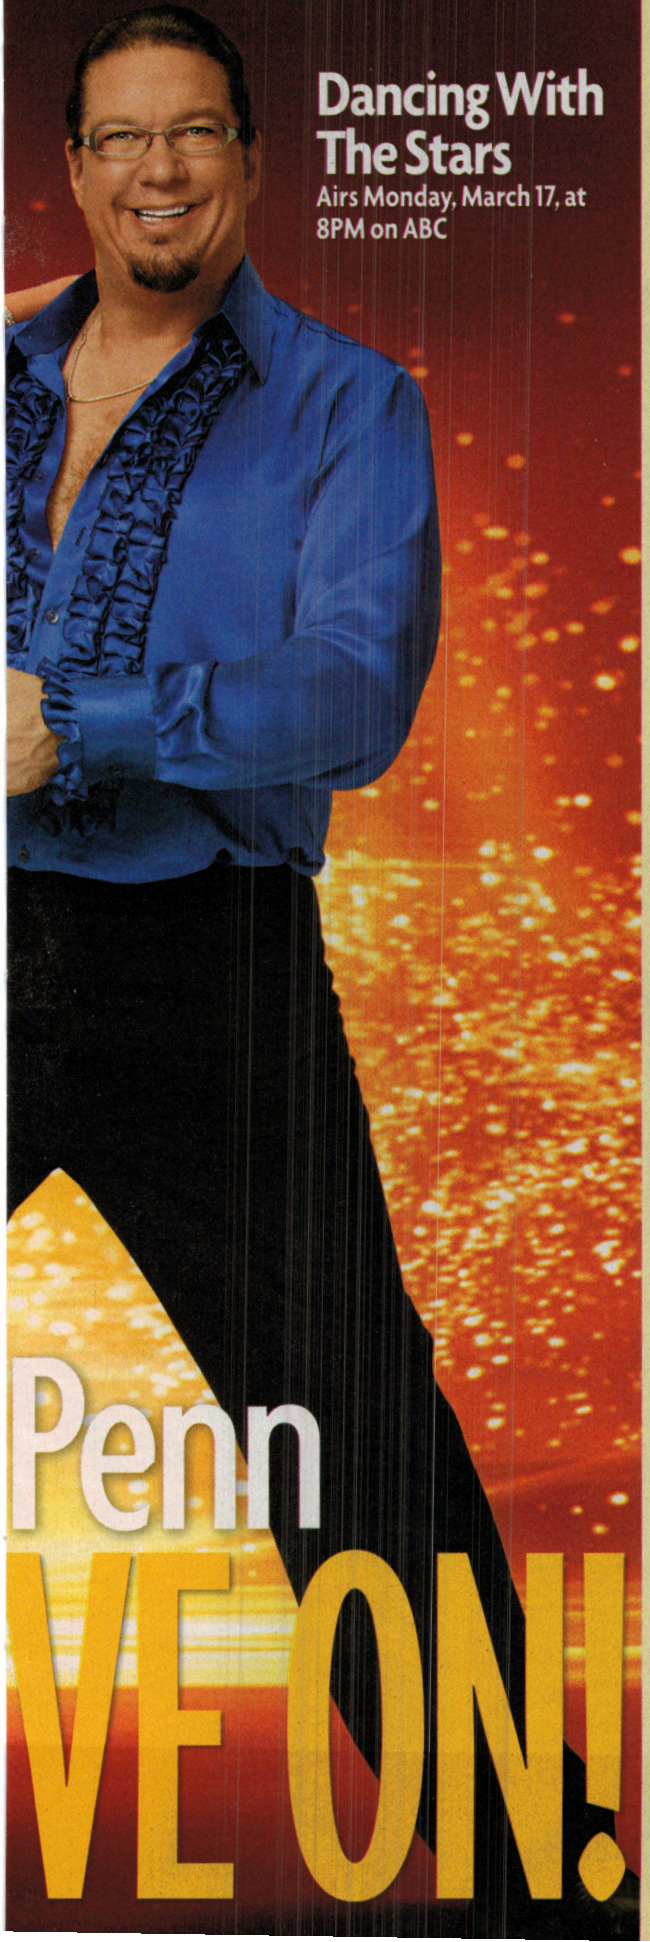
Q: Did you get any tips from previous contestants?
I talked to **Joey Fatone**, who was partners with Kym [during season 4]. He said the harder you work, the more fun it is! It was very encouraging.

Q: How do you feel about the flashy costumes?
I was very surprised when Kym told me some celebrities refuse to wear rhinestones. I told them they can put me in anything! I have been ruffled and unbuttoned.

Q: You're 6'6". Does your height work against you?
I am a foot taller than Kym, and that can hurt you because it might not look graceful. Even in high heels, she doesn't come up to my head!

Q: Any other weaknesses?
I am the tallest and the fattest! But I am really good at practicing things, since it's what I do for a living. I am really good at doing things over and over.

— ILYSSA PANITZ ★



Penn's *DWTS* Picks!

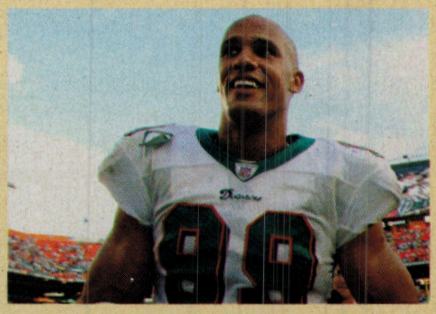
The outspoken magician dishes about his foes — and who should win it all!

Priscilla Presley

Elvis' ex-wife is the oldest *DWTS* contestant this season, at age 62. Will The King's tunes be her secret weapon? "I've talked to her several times, and we have never talked about that," says Penn. "I don't know what the etiquette is for that stuff."

Jason Taylor

The current Miami Dolphins defensive end, 33, is definitely bringing his A-game — and flaunting his good looks — on the *DWTS* stage. "He is gorgeous!" says Penn. "Plus, he is a football player, so his strength is great!"



Monica Seles

Her tennis career — including nine Grand Slam titles — faltered when Monica, 34, was stabbed by a deranged fan in 1993. But she's gotten right back into the swing of things on *DWTS*! "She is great," says Penn.

Marissa Jaret Winokur

Penn can't rave enough about the 35-year-old star, who won a Tony for her performance in Broadway's *Hairspray*. "If I had to put my money down, it would be on Marissa," he says. "She is Broadway. She is joy and pleasure. She is working so hard, and she is very, very good."

Kristi Yamaguchi

The 1992 Olympic women's figure skating champ, 36, is the odds-on favorite in Las Vegas to win, says Penn! "She is at the head of the field," he says. "Kym and I are 12-to-1. That is the middle of the field. We are lower-rated than we deserve!"

Purrfect POP STAR

She's got a doting hubby, an adorable son and another baby on the way! Now, after making her mark with a solo career, Gwen Stefani is gearing up to reunite with No Doubt.

HOW does a star know she's really arrived? When she has her own doll! "Yeah, it really takes it to the next level," jokes **Gwen Stefani**. Then again, she took the creation of her Gwen dolls very seriously! "It was a long, difficult creative process, creating those dolls," she says. "They'd bring all these doll head mock-ups of my face over to my house, and I'd be talking about how the eyebrows needed to be thinner..."

Now this master multitasker — she's a wife! A mom! A fashion designer! — who's expecting her second child with hubby **Gavin Rossdale** this summer, is getting ready to record a new studio album with her band No Doubt (their first since 2001). In *V Magazine*'s spring issue, Gwen, 38, riffs on everything from the two men in her life (Gavin, 40, and son Kingston, 21 months) to her clothing line L.A.M.B. and more!

ON GAVIN: "We have had the rockiest, craziest, most amazing relationship. It's sort of a miracle, actually," says Gwen about Gavin, whom she wed in 2002. "We work very hard at it."

ON KINGSTON: "Kingston didn't really change me so much as he just has made my life better. He makes me so happy.... To have this little guy who loves me so much automatically, it's just crazy."

ON L.A.M.B.: "I'm going into my fifth year now of doing L.A.M.B., and it's like a full-time job. Sometimes I'm afraid that I'm going to get fired from my own fashion line if I don't do what I'm supposed to."

ON NO DOUBT: "There's a certain chemistry between us [bandmates Tony Kanal, Adrian Young and Tom Dumont] that can't be faked. We don't have the same sorts of problems that we used to have. We've grown up. I think this record could be the most inspired thing we've ever done as a band." Can't wait! ★

"She's totally relaxed and cool and chic," says Julie Anne Quay, *V Magazine*'s executive editor, who tells *Star* that Gwen worked 'til 1:00 a.m. on *V*'s cover shoot!

EXCLUSIVE PREVIEW

Gwen looks like a living doll in a Miu Miu dress and Marc Jacobs headband on the cover of *V Magazine*'s spring issue.

"Bruce is going crazy! He'd be losing all his hair if he wasn't already bald!" — an insider tells Star

Scout (left), Rumer (center) and Tallulah are driving their parents crazy with their antics.

BRUCE & DEMI'S GIRLS GONE WILD

Demi Moore and Bruce Willis are having a tough time keeping their three boy-crazy daughters under control.

BRUCE WILLIS and **Demi Moore** have their hands full with not one, not two, but *three* teenage daughters — and it's driving them nuts!

"Bruce is going absolutely crazy," a friend of the family tells *Star*. "He'd be losing all his hair if he wasn't already bald!" His girls with ex-wife Demi — Rumer, Scout and Tallulah — are all in adolescent hell. And that means raging emotions, rebellious attitudes and boys, boys, boys!

"Bruce has to control himself," says the family friend, "because he wants to lock the girls in the house and keep them single till they're 30 years old!"

Rumer has already been linked to much older men like **Orlando Bloom**, 31, **Benji Madden**, 29, and **Josh Hartnett**, 29. And cameras caught her being kicked out of Villa nightclub in L.A. on Feb. 18 after bouncers realized she was underage.

"OBSESSED WITH BOYS"

"Even though she's only 19, Rumer is at the clubs every night. It's all she cares about right now," says a source.

Rumer is growing up so fast, she seems to have jumped on the plastic surgery bandwagon. She showed up at a benefit in Beverly Hills on Feb. 21 flaunting what appeared to be a much larger cup size.

Bruce and Demi's divorce became final in 2000, but they're united in trying to keep their daughters out of trouble.

Meanwhile, younger sisters Scout, 16, and Tallulah, 14, are "getting so obsessed with boys," says the friend. "They lock themselves in their rooms and IM and chat online for hours on end with guys."

It's true that Bruce, 53, has a reputation for dating much younger women like current flame Emma Hemming, 29. But he's worried about his girls — and Demi, 45, who posed for the April issue of *Harper's Bazaar* with the three girls, has her own concerns. "She doesn't want them to end up like so many other Hollywood starlets," the source reveals, "in rehab or jail before they're 25!"

Drew & Justin SEXY LOVE!

DREW BARRYMORE hasn't stopped smiling since falling for actor **Justin Long** seven months ago. Sure, he's cute. But the face of Mac is also "the most unselfish lover" Drew has ever had, says a source close to her.

The *Grey Gardens* star, 33, recently confided to friends that sex with Justin, 29, is the hottest she's ever had and "that no man has pleased her like Justin," says the source.

Normally reticent Drew — who's divorced from bar owner Jeremy Thomas and comic **Tom Green** and whose lovers have included director **Spike Jonze** and drummer **Fabrizio Moretti** — is so happy that she let slip just how active her love life is. "Drew gets a kick out of the fact that Justin comes off as nerdy, because in private, he's anything but," the source confides. "Her friends have never seen Drew happier, and a big part of that is her amazing sex life with Justin." ★

Danny (inset) is worried about the New York shoot because "he knows what it's like on movie sets when you're away from your significant other," says a pal.

Julia's Hubby JEALOUS!

Julia Roberts is reuniting with her *Closer* costar, **Clive Owen**, on the upcoming thriller *Duplicity* — but her husband, Danny Moder, isn't happy about it. Why? It turns out the 40-year-old mom of three has a huge crush on the married Brit, "and she's always telling friends that if she and Clive were single, she would be all over him," says a friend. When given the chance to work with dad of two Clive, 43, Julia said yes before telling Danny! Adds the pal, "This couldn't come at a worse time, as Julia and Danny have been arguing a lot for the past few months." ★

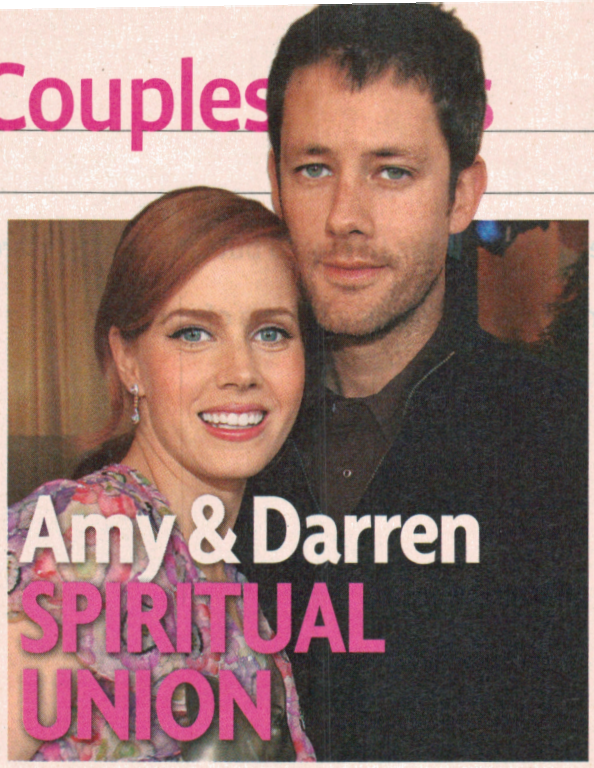
Couples



Amy & Darren SPIRITUAL UNION

Amy Adams and actor **Darren Le Gallo** have been an item for six years, but don't expect a wedding announcement. The *Enchanted* star, 32, has told friends that she and Darren are "happy the way they are," says a chum. "Amy is disenchanted with marriage and points out that half of marriages end in divorce. She doesn't want that to happen to her and Darren." The couple, who met in acting class, will live in unwedded bliss, adds the friend, even when they decide to start a family. ★

Tom, who started dating Gisele just days after breaking it off with Bridget, became a first-time dad when Bridget gave birth to John Moynahan on Aug. 22, 2007.

Tom & Gisele HANDS OFF

With football season over, **Tom Brady** has a lot of time on his hands. And his girlfriend, **Gisele Bündchen**, wants the New England Patriots quarterback, 30, to spend it all with her. The supermodel, 27, is so greedy for his company that she's not thrilled when he spends time with his ex, **Bridget Moynahan**, and their son, says a friend. "Gisele tries to be understanding but gets jealous. She already has to share Tom with his team, and watching him leave her to be with his beautiful ex and their son is difficult." ★

Nick & Vanessa ENGAGEMENT WOES

After two years together, **Vanessa Minnillo** is so anxious for **Nick Lachey** to propose that she's thinking about breaking up with him! "Vanessa feels like she might need to scare him a little to push him into taking the plunge," a friend explains. "She doesn't want to end the relationship, but she feels like Nick may be taking her for granted." The only thing holding the 27-year-old ex-entertainment reporter back, says the pal, is the fear that Nick, 34, might just walk away. ★

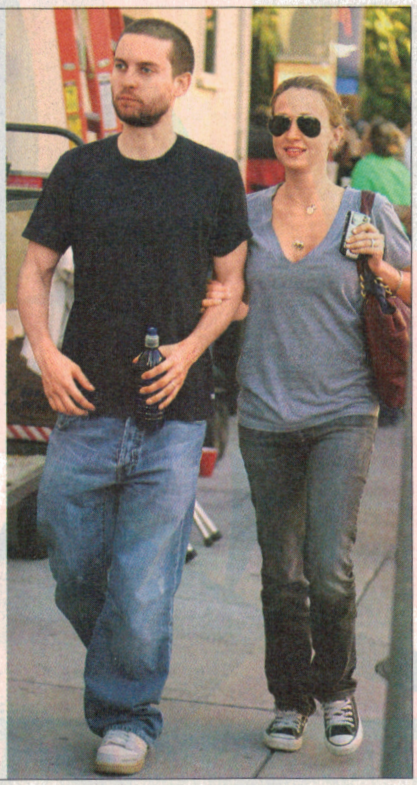
Daniel & Satsuki BONDING FOREVER

James Bond star **Daniel Craig** has another assignment when he's done saving the world in *Quantum of Solace* — tying the knot with film producer Satsuki Mitchell. The couple, who met while working on 2005's *The Jacket*, will wed as soon as the hottie wraps up his second outing as the dashing British spy. As *Star* reported last year, the American-born Satsuki flashed a rock while the two vacationed in Italy in August, after standing by Daniel despite his fling in 2005 with **Sienna Miller**. This will be the 40-year-old actor's second trip to the altar. He and Scottish actress Fiona Loudon, parents of 15-year-old Ella, split in 1994 after two years of marriage. ★

Tobey & Jen TROUBLE IN PARADISE



A newly buff **Tobey Maguire** has been spotted around L.A. lately. The *Spider-Man* star, 32, was even seen sweet-talking a woman who was not his wife at hotspot Villa on Feb. 29. "He was laughing and flirting with the girl for a while," an eyewitness tells *Star*.

Are Tobey and jewelry designer Jennifer Meyer — who welcomed daughter Ruby in 2006 and then tied the knot 10 months later — going through a rough patch? Yes, says a source. The vegan actor "has been feeling trapped lately. He loves his family but wants to get out once in a while, too." ★

RHEUMATOID ARTHRITIS (RA)

RA is a disease of the immune system which causes joint pain and damage, and impacts the ability to perform daily activities.

ABOUT ORENCIA

ORENCIA (abatacept) is a prescription medicine that is used to treat adults with moderate-to-severe RA who have not been helped enough by other medicines for RA. ORENCIA has been shown to:

- Improve signs and symptoms of RA
- Slow the progression of joint damage
- Help improve physical function

ORENCIA should not be taken with other biologic medicines for RA such as Enbrel®, Humira®, Remicade®, or Kineret®.

WHO SHOULD NOT TAKE ORENCIA

You should not receive ORENCIA if you have ever had an allergic reaction to ORENCIA.

BEFORE YOU START ORENCIA

Tell your healthcare professional if you:

- Are taking another biologic medicine for RA. Taking ORENCIA with another biologic medicine may increase your risk of getting a serious infection.
- Take or are planning to take any medicines including prescriptions, hormones, over-the-counter medicines, vitamins and herbal supplements.
- Have an infection that won't go away or are prone to infections as it could put you at risk for serious side effects from ORENCIA.
- Have had tuberculosis or have been in contact with someone who has it. Tell your healthcare professional right away if you develop a dry cough that does not go away, weight loss, fever, or night sweats.
- Have or have had viral hepatitis. Before you use ORENCIA, your doctor may examine you for hepatitis.
- Have a history of chronic lung disease. ORENCIA can worsen symptoms of chronic obstructive pulmonary disease (COPD).
- If you are scheduled to have surgery.
- Have been recently vaccinated or are scheduled to receive a vaccination.
- Have diabetes and are using a blood glucose monitor. You may get falsely high blood glucose readings with certain types of blood glucose monitors the day you receive an infusion of ORENCIA (abatacept).
- Are pregnant or are planning to become pregnant. It is not known if ORENCIA can harm your unborn baby.
- Are breast-feeding. You will need to decide to either breast-feed or receive treatment with ORENCIA, but not both.

IMPORTANT INFORMATION TO KNOW ABOUT SIDE EFFECTS WITH ORENCIA

Like all medicines that affect your immune system, ORENCIA can cause **serious side effects** including:

- **Serious infections** including pneumonia. The chance of serious infections is higher if you take ORENCIA with other biologic medicines for RA. Call your healthcare professional immediately if you feel sick or get any infection during treatment with ORENCIA.
- **Allergic reactions** including hives, swollen face, eyelids, lips, tongue, throat or trouble breathing.
- **Malignancies**. There have been rare cases of certain kinds of cancer in patients receiving ORENCIA. The role of ORENCIA in the development of cancer is not known.

The more common side effects with ORENCIA are: headache, upper respiratory tract infection, sore throat and nausea.

HOW ORENCIA WILL BE GIVEN TO YOU

ORENCIA will be given to you by a healthcare professional by intravenous (IV) infusion. A needle will be placed in a vein in your arm. The infusion will take about 30 minutes.

Just Asking...

COMPILED BY LAN NGUYEN

Robert Downey Jr. (inset) transforms himself into Sergeant Osiris in *Tropic Thunder*.

IS THAT REALLY YOU, ROBERT?

ROBERT DOWNEY JR. fans are in for a huge surprise. The actor will play an Oscar-winning white thespian who accidently gets cast in a role written for an African American in the upcoming action comedy, *Tropic Thunder*. Trained in the Method acting technique, his character, Kirk Lazarus, is so determined to be as real as possible as a black soldier in a big-budget Vietnam war movie, he dyes his skin.

In an interview in a March issue of *Entertainment Weekly*, *Tropic Thunder*'s cowriter, director and star, **Ben Stiller,** explains that his aim was to mock over-the-top actors and not African Americans. "I was trying to push it as far as you can within reality," he adds.

Fans can decide whether the humor works on Aug. 15, when the movie opens in theaters.

IS MILEY ON THE SEXY FAST TRACK?

The blogosphere was agog when photos of Disney megastar **Miley Cyrus** hit the Internet in early March. Why all the shocked reactions? Because these pictures, which supposedly took viewers inside her tour bus, show the 15-year-old with an open suitcase containing two Trustex colored condoms — one blue and one purple.

But not to worry. Hannah Montana hasn't followed in the footsteps of **Jamie Lynn Spears** quite yet. It turns out the luggage photo is the work of an overzealous Photoshopper! One of the first recipients of the doctored image tells *Star*, "I definitely can say that the photo is a fake — this person even told me that. I met them on some random Photoshop forum." In fact, the real photo, without the condoms, was taken last fall. ★

WOODY HOT FOR MARTHA?

Woody Harrelson must think **Martha Stewart** is a goddess. The 66-year-old domestic diva was in first class with the married actor on their way to Costa Rica when Woody struck up a conversation and ended up hitting on her. Martha, who is dating billionaire Charles Simonyi, dished on her Feb. 27 show that Woody, 46, was "sort of a naughty boy" and hinted that he came on to her. An insider tells *Star*, "I don't doubt it for a second. She's still very attractive!" Besides, whenever Woody flies, adds the source, "he thinks it's a big party, so he has a few drinks and flirts with every woman around. It's just his style." ★

IS JOHN DISSING JESS?

Celeb blogger John Mayer posts daily musings on music, cars and food. But he's kept mum on his love life...until now. John recently posted a letter to an ex, pleading "stop contacting me.... It would serve you best to move on with your life and find someone who can put up with you, because I'm done trying." Is John writing to Jessica Simpson? A source tells *Star* that it's possible. But John, who has also been linked to Minka Kelly, "is a bit of a womanizer, and he's loved and left quite a few," adds the source. ★

HEIDI & SPENCER FINISHED?

There she was: **Heidi Montag**, sharing a cozy dinner with a cutie on Feb. 27 — and it wasn't her on-again boyfriend-manager, **Spencer Pratt**! The *Hills* star and aspiring singer had tongues wagging when she was spotted in a booth with model/actor Matt Clifton at Shu (Sushi House Unico) in Bel Air, Calif. "They were sitting close to each other on the same side," an eyewitness tells *Star*. "They seemed to be having a good time, because I heard Heidi laughing a lot during the meal." Heidi, who believes even checking other people out is cheating, exited the restaurant at 8 p.m. holding Matt's hand! ★

IS LINDSAY'S LITTLE SISTER GETTING REAL?

Lindsay isn't the only Lohan in love with the spotlight. Her mom, Dina, and her younger sister, **Ali**, are starring in a reality TV show set to air this summer. *Living Lohan* will chronicle the Long Island mom's efforts to make her 14-year-old daughter a household name while still managing Lindsay's career.

"Having grown up in the shadow of her sister's stardom and much-publicized lifestyle, Ali is determined to achieve her own brand of success," says a spokesperson for the E! Entertainment Television channel. "But Dina is more experienced this time around and will do everything she can to protect Ali from the pressures and temptations of young Hollywood." ★

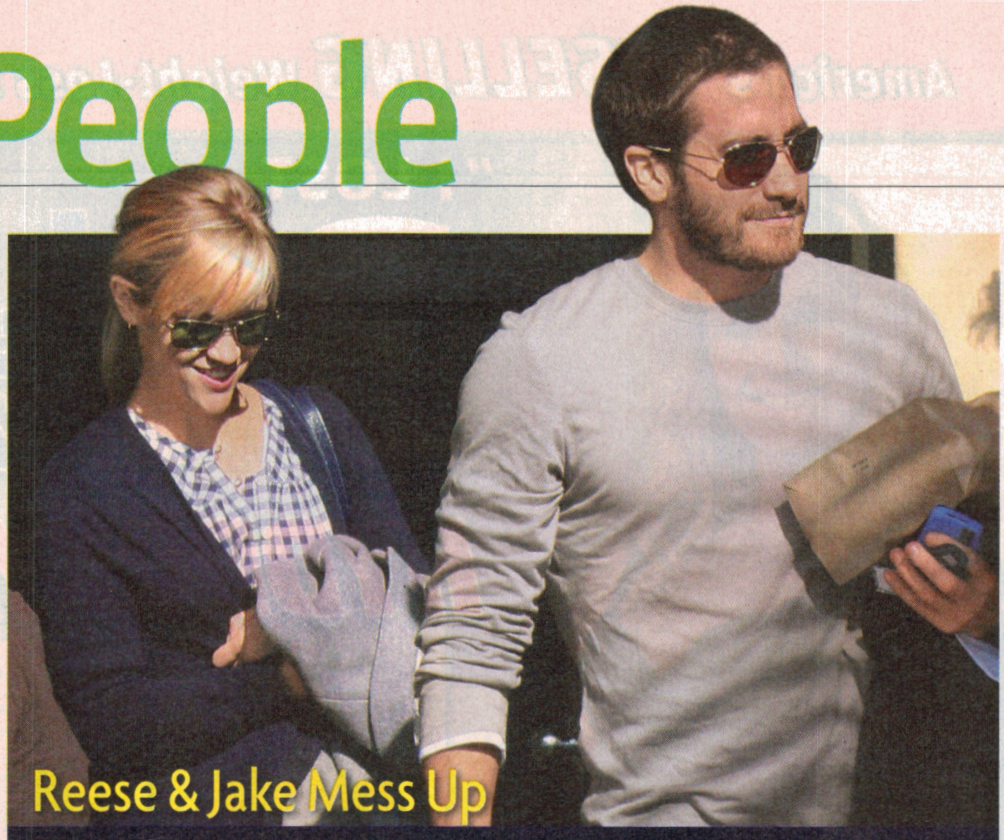
Designing Duo

Matthew McConaughey and his pregnant fiancée, **Camila Alves**, are turning into quite the fashion moguls. While Matthew is busy putting out a swimwear line called j.k. livin, after his famous line in *Dazed and Confused* ("Just keep livin'"), a source tells *Star* that Camila is trying her hand at design as well.

"She's starting her own vintage leather handbag line called MyMuxo." Camila, who is creating the $1,000 to $2,000 bags with her mom, is determined to make them a success. "Not only did she do a photo shoot with *Women's Wear Daily* on March 1 in L.A., but the popular boutique Kitson has told her that they are making room on their shelves to sell her collection."



Reese & Jake Mess Up

Reese Witherspoon is upsetting the neighbors in her exclusive gated Brentwood community because she leaves her trash cans in the street, and they're an eyesore. "Residents are supposed to put them away after the trash gets picked up," a source tells *Star*, "Behind a gate, in the backyard...anywhere but in the street." Both Reese and her live-in boyfriend, **Jake Gyllenhaal**, have been reminded of this, but they still haven't changed their untidy ways. "They are both so busy that they must forget, because every week the trash bins are in the street, taking up a useful parking space."

Guess Who?

Which fair-haired actor who has been battling personal demons was seen stumbling out of a swank Miami Beach hotspot on March 2? "He was totally out of it," a witness tells *Star*. "His eyes were completely glazed over."

Godfather George

Nicole Kidman doesn't know if she is having a baby boy or girl with husband **Keith Urban**, but she's already picked out a godfather for the tot — her good pal **George Clooney**! Now that she's no longer married to **Tom Cruise**, Nicole has abandoned the Church of Scientology and has embraced her Catholic roots, so she is planning on having the baby baptized in the Catholic Church, an insider tells *Star*. "Nicole asked George to be her baby's godfather, and he agreed." Nicole has been good friends with George since they starred together in *The Peacemaker* in 1997.

Bad Grammer

There was no Christmas spirit on the set of **Kelsey Grammer**'s upcoming comedy *An American Carol*, as he and costar **David Spade** exchanged barbs in front of the other cast and crew on Feb. 28. "Kelsey gave David a hard time for being with a different blonde every time he sees him," a source tells *Star*. "David didn't seem to appreciate it and responded, 'Kelsey, just stick to your lines and your booze, and all will be fine.'" What was meant to be a joke came across as harsh, says the source. The set definitely got a little icy for the rest of the day, as the actors steered clear of each other!

Get A Room!

Talk about a hot-blooded Latin lover! During a March 3 kissing scene for *The Other Man*, filming near Milan, Italy, **Antonio Banderas** and **Laura Linney** went above and beyond the call of duty, a source tells *Star*. "They continued kissing after the director yelled cut!" dishes the source. "I wonder what his wife, **Melanie Griffith**, thinks of his new friendship?"

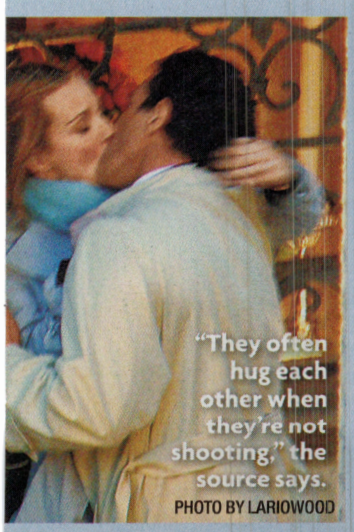
Chef's Surprise!

She's gorgeous, she has a hunky husband — and she can cook! **Eva Longoria Parker** surprised guests at the opening of her new L.A. restaurant, Beso, on March 6 when she admitted to being a whiz in the kitchen. "I make a great tortilla soup," the *Desperate Housewives* actress told *Star*. "My guacamole is pretty good, too." Always eager to please her man, Eva (seen here with Beso executive chef Todd English) said that if there's something her basketball star hubby, **Tony Parker**, likes, she'll look it up on the Internet and make it. Lucky guy!

'Toon in to Rachael

She's funny and cute, so it's not too much of a stretch to see talk-show host **Rachael Ray** as a cartoon! Rachael's daytime show is already popular, but now she's developing a cartoon featuring a young version of herself in the kitchen. "It's in the very early stages of production," the insider says. "Rachael is working with illustrators, trying to get the right look for her character." If all goes well, Rachael hopes to launch her as-yet-unnamed show — which is being developed through **Oprah Winfrey**'s Harpo Studios — as early as January 2009.



"They often hug each other when they're not shooting," the source says.

Papa Hayden

If **Rachel Bilson** continues dating her *Jumper* costar **Hayden Christensen**, she'd better plan on becoming a mom! Hayden, 26, who grew up in Ontario, Canada, with three siblings, recently admitted to Italian *Vanity Fair* that he wants kids and soon! "Within five years I'd like to have a family," revealed the actor, who has been dating Rachel, also 26, for the past year. "I don't want to wait too long."

Name That Aussie!

Most celebrities would be excited if they went unrecognized while out doing their daily errands, but not **Naomi Watts**. The new mom was chatting on her cell phone while out shopping solo at Wild Oats Natural Marketplace in Santa Monica when a man approached her and said, "I'm your No. 1 fan! You're that Aussie actress, right? Nicole... what's-her-name?" Naomi, taken slightly aback, chuckled. She then turned back to the grinning guy and stated, "Yes, I am that Aussie actress, but my name is actually Naomi Watts-her-name!" Good sport Naomi cracked up and then continued grocery shopping in peace. ★

MOMZILL

Jennifer makes no apologies for the over-the-top measures she has taken to ensure the safety of her twins, a pal tells *Star*.

"Marc says she's driving him to the edge of a cliff — and he's gonna jump!"
— an insider tells Star

J.LO!

After giving birth to twins Emme and Max, new mom Jennifer Lopez has turned into the ultimate diva mommy — and she's driving everyone around her crazy!

High-Tech Nest

Simply the best is not good enough for little Max and Emme! J.Lo spent $1 million on the nursery in her Long Island, N.Y., home!

Sure, Marc Anthony is thrilled to be a daddy of healthy twins, but his demanding wife's spending, insiders say, is driving him crazy.

RIGHT now, it's all about shouting orders and writing checks!" That, says a friend, sums up new diva mom **Jennifer Lopez**!

J.Lo is going over the top, both emotionally and financially, says the pal, to give her precious new twins the best that Momzilla's money can buy — and frazzled hubby **Marc Anthony** is going nuts! "Marc says Jennifer is driving him to the edge of a cliff and he's gonna jump if things don't calm down," the pal confides.

Besides spending a fortune on jewel-encrusted cribs, a baby masseuse and designer nurseries, the 38-year-old prima donna mama has also splashed out close to $3 million on the latest in high-tech security for her three homes.

"Jennifer is incredibly particular, even obsessive, in most aspects of her life," the family friend tells *Star*. "Did anyone think it would be different once she had kids?"

The triple-threat performer was splashing the cash on little Max and Emme (whose names were first revealed in *Star*) long before their Feb. 22 birth. The estimate for holding a luxury birthing suite, including a large security and personal detail, at North Shore University Hospital in Manhasset, N.Y., for two weeks before giving birth ran to more than $1 million!

Now that the little bundles of joy have arrived, J.Lo has amped up the cash flow, outfitting homes in Los Angeles, Miami and Long Island, N.Y., with luxuries and state-of-the-art security systems. "It wasn't a matter of going to a baby store and buying $1.49 wall socket covers," says the friend. "She had experts overhaul the homes to make them kid-friendly. It cost tens of thousands of dollars."

DIAMONDS, SAPPHIRES AND RUBIES

Jennifer even hired a color consultant, who told her to decorate the babies' rooms in aquamarine. "That's supposed to soothe and stimulate intelligence," another source explains. And in those nurseries sit cribs fit for entertainment royalty: Jen even splurged on diamond-accented cribs for her tots!

"She special-ordered them. Max's has sapphires and diamonds, and Emme's has rubies and diamonds," the source reveals. "Jennifer said she's glad the jewels are on the outside of the crib so the babies won't be able to touch them!"

The new security systems are "totally the best money can buy," says the friend. "Jennifer and Marc will be able to view any room in any of their homes at any time. They're hiring up to 15 new security people, too."

And all hubby Marc, 39, who has three other children, can do right now is sit back and watch Momzilla Jen spend, spend, spend!

"Marc tries to joke around about it," says the friend. "When he sees some of the bills Jen's racking up, he teases, 'You know you're spending our twins' college funds, don't you?'"

Miley Cyrus' parents know what they're talking about when they lecture their daughter about avoiding the pitfalls of the party life. They've been there!

DOES MILEY KNOW?

CYRUS FAMILY SECRETS

MILLION-DOLLAR MILEY

The money from her acting and music careers keeps rolling in — and Miley's appearance keeps getting more adult!

IN a Hollywood full of **Britney**, **Lindsay**, **Paris** and **Jamie Lynn**, it's no stretch to wonder whether reigning teen queen **Miley Cyrus** can avoid the temptations of those who have gone before!

She's only 15, but Miley has already been the subject of gossip over her diva behavior. Embarrassing racy photos have turned up on the Internet. And, as with any child star, her parents — "Achy Breaky Heart" singer **Billy Ray Cyrus** and his wife Tish — worry about keeping their daughter on the straight and narrow. They're up to the challenge — but a *Star* investigation leads to the question: Are they really the right role models for their budding superstar daughter and her siblings?

THE WAY THEY WERE!

Billy Ray was at his mulleted, Achy-Breaky best when he and Tish first hooked up in Kentucky in the early '90s.

ON GUARD

"Everything is about keeping her grounded," Tish, 40, has said. "It's so scary as a mom to see all these kids who are so whacked now." Miley admits that her parents are "protective, for sure," and adds: "My mom is more strict than my dad." When it comes to her ▷

small circle of friends, "sometimes my mom says, 'I have a bad vibe about this person. She needs to hang out with you when I'm around — just to keep you safe.'"

And while Billy Ray, 46, may play the "good cop" more often than not, he loses his cool when the subject of boys comes up. Miley has described her father as being "weird" about her dating and told the story of how he hid in the kitchen, "standing there with his German shepherd, watching us" during a visit from one of her guy friends!

> **"Tish's mom minded her first two kids way more than she did!"**
> — a former friend of Tish tells Star

THEIR WILD PAST

Clearly, Miley's parents want the best for their daughter — and if they go by the adage "Do as I say, not as I *did*," they'll have a wealth of material to draw on as examples for what Miley should avoid!

As this *Star* investigation reveals, from the late 1980s through the early 1990s, both Billy Ray's and Tish's personal lives read like a steamy Southern soap opera with enough skeletons to fill a graveyard — including a busted marriage, secret affairs, court battles and a truckload of out-of-wedlock kids. Read on for the play-by-play! — ALEX BURTON ★

THE CYRUS SOAP OPERA TIMELINE

1986
BILLY RAY MARRIES FIRST WIFE, CINDY

A sales rep with tobacco company Philip Morris, Cindy Cyrus once had her hair set on fire by a jealous fan. She later inspired Billy Ray's hit "Where'm I Gonna Live?" by throwing his possessions on the front lawn of their home!

MAY 1987
TISH GIVES BIRTH TO DAUGHTER BRANDI

While living in Ashland, Ky., Tish Cyrus — then known by her maiden name of Leticia Finley — was 19 when she got pregnant by a local rock drummer named Jerry Lawson. "They had a fling," a former friend tells *Star*. "She was a total rock 'n' roll groupie!" That fling produced daughter Brandi Finley, who was later adopted by Billy Ray. Now 20, Brandi (above) plays guitar in half-sister Miley's backing band.

NOV. 1988
BILLY RAY BEGINS SECRET AFFAIR WITH KARI REEVES

In 1994, Billy Ray's world was rocked when the book *My Billy Ray Cyrus Story: Some Gave Too Much* — written by sexy blonde Kari Reeves, then 33 — was published. The daughter of country music legend Del Reeves, Kari had interviewed Billy Ray for an article in April 1988, beginning a friendship that turned to lust by November, wrote Kari, when they made love in his motel room — while he was still married to Cindy. The affair lasted four years, claimed Kari — and even included a sex session in the Cyrus marital bed!

JAN. 2000
DAUGHTER NOAH IS BORN

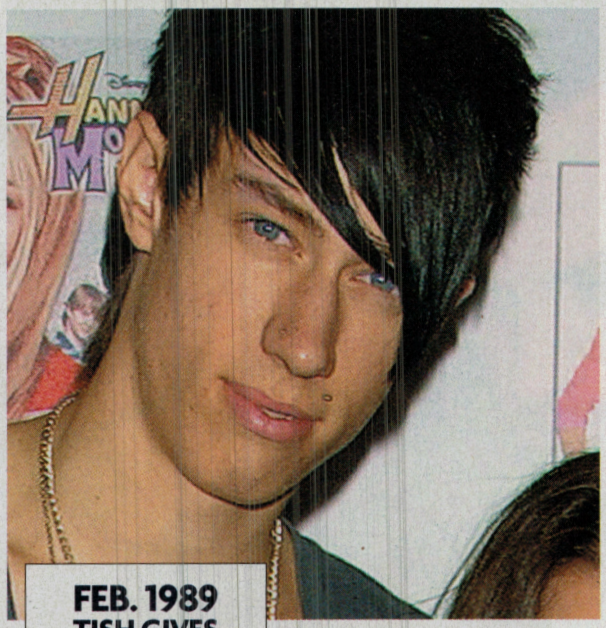
Married six years, Billy Ray and Tish decide to recapture that old spirit by — you guessed it — having another child! Miley's little sister, Noah, was born on Jan. 8, 2000.

DEC. 1993
BILLY RAY AND TISH MARRY

Having produced four children collectively — and with another on the way — the couple decided to make it legal with a quickie ceremony at his Tennessee home on Dec. 28, 1993. Credit an extra push from Billy Ray's dad, then Kentucky State Representative Ron Cyrus. "I'd heard the rumor that Leticia and Billy Ray are expecting another baby," Ron said at the time. "I guess it was just me being old-fashioned, but I told him I thought getting married was the right thing to do."

AUG. 1993
TISH PREGNANT WITH BABY #4

After nearly two years together, Tish and Billy Ray — now famous a year after the success of "Achy Breaky Heart" — find out they are to be parents again. Their son Braison (above) was born on May 9, 1994.



FEB. 1989
TISH GIVES BIRTH TO SON TRACE

Less than two years after having daughter Brandi, Tish gave birth on Feb. 24, 1989, to her son Neal, named after his dad, Tish's new boyfriend, student Baxter Neal Helson III. "Tish and Baxter met when he was a senior in high school in Ashland, Ky.," says Tish's former friend. "Baxter was a brilliant student and good-looking guy with a Bon Jovi haircut and a new car. He treated Tish like a queen — but she walked all over him." The couple got engaged before their son was born, says the former friend. "After the baby came, Baxter moved in with Tish, her daughter Brandi and her mom, Loretta, in Ashland. But Tish spent most evenings partying and drinking at the clubs. In fact, she barely had anything to do with the kids; Loretta was the one who really raised those children." Baxter later moved out and hasn't seen his son — a musician, who now goes by the name Trace — in nearly 10 years. "Tish brainwashed him against his father," claims the ex-friend.

Tish and Miley with grandma Loretta Finley — who did most of the raising of Tish's babies, says a source.

JUNE 1991
BILLY RAY AND WIFE CINDY SEPARATE

After five years, Billy Ray and Cindy split up. She filed for divorce on July 12, 1991, in Lawrence County, Ohio. The divorce became final in November 1991 — by which time Billy Ray was well on his way to becoming a first-time dad with a pretty young waitress!

JULY 1991
BILLY RAY GETS A WAITRESS PREGNANT

Billy Ray first met Kristen Luckey (left), a 22-year-old waitress working at The Doll House in Myrtle Beach, S.C., in early 1991 while he was performing at a nearby bar. That July — the same month that Cindy filed for divorce — Kristen became pregnant with Billy Ray's son. Christopher was born April 8, 1992, by which time his parents' fling was long over. According to reports, Billy Ray didn't attend the birth and refused to admit the baby was his until Kristen threatened to take him to court. But a blood test soon proved that he was the dad!

TISH GETS PREGNANT BY BILLY RAY

After two out-of-wedlock children by two different men, Tish met hunky Billy Ray at the Ragtime club in Huntington, W.Va., in the fall of 1991. By next February, she was expecting Billy Ray's child. "Leticia doesn't work," an insider said at the time. "Her life has been one big party. She loves to go with musicians — she's the ultimate groupie!"

A STAR IS BORN

On Nov. 23, 1992, Destiny Hope Cyrus made her debut at Baptist Hospital in Nashville. A friend of Tish reveals, "She decided to name the baby Destiny because she says it's destiny that she and Billy Ray got together." Now nearly grown up, Destiny has legally changed her name to Miley.

Paris & Nicole CATF

After a bitter falling out, the girls called a shaky truce. But now that Paris is dating Joel's brother, Benji, the gloves are off!

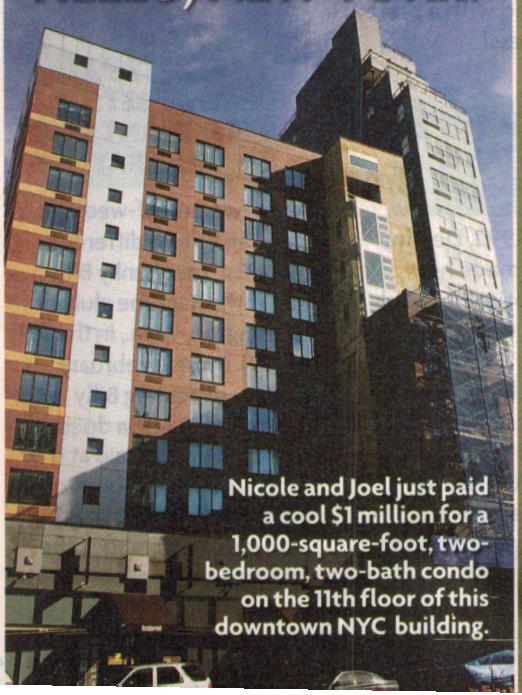
NICOLE RICHIE is so tired of **Paris Hilton** worming her way into her life and stealing the spotlight, she's made it clear she wants her gone at any cost! Though the two reconciled after their mysterious 2005 spat, the relationship has again unraveled since Paris began dating **Joel Madden**'s twin brother, **Benji**.

"Nicole has made it clear to Paris that she doesn't like her seeing him," a friend tells *Star*. "She thinks Paris is a total nightmare to be around and just wants her to go away." And her dramatic shenanigans are especially hard to swallow since Nicole thought she had escaped the old Hollywood scene after she gave birth to Joel's daughter, Harlow, on Jan. 11. "She isn't happy about Paris once again crashing what is now her picture-perfect life," says the friend.

To make matters worse, Nicole is livid over Paris' plan to take over the spot formerly held by Nicole's good friend **Sophie Monk**. Benji proposed to the Australian singer in December

Joel has always struggled with his closeness to Benji. "The best thing is being really close. The worst thing is being really close," he has said.

BYE-BYE, PARIS... HELLO, NEW YORK!



Nicole and Joel just paid a cool $1 million for a 1,000-square-foot, two-bedroom, two-bath condo on the 11th floor of this downtown NYC building.

Paris and Benji (who celebrated his 29th birthday with his twin, Joel, on March 11), first stepped out as a couple at the end of February.

Paris sported a diamond ring with Benji's initials on March 7 in Las Vegas.

IGHT!

2006, and Nicole's still reeling from their split in February. "She feels that Paris screwed Sophie over by coming on to Benji so quickly." The heiress was spotted with Joel's brother less than two weeks after Sophie admitted her relationship with the Good Charlotte rocker "had run its course." And while Paris may have thought she could depend on Nicole now that the ex-*The Simple Life* costars are dating the twins, Nicole let her know she needs to think again! "Her allegiance is definitely with Sophie — she doesn't trust Paris one bit."

TEAMING UP

Nicole, 26, has no plans to let Paris take her relationship to the next level. Although Joel's mom, Robin, has had problems with her in the past, the two are secretly teaming up to get Paris out of the picture! "Robin doesn't want Benji with someone who might break his heart," says a source.

Meanwhile, the drama is beginning to take its toll on Joel. "He is suffering from extreme cabin fever," says an insider, and he's desperate to go back on tour to get away from the drama. "I think we really miss the good old days of hanging outside of clubs, talking to kids about life and music," Joel recently admitted on his blog. And sources say he would do anything to trade Nicole's daily blow-by-blow accounts of her dislike of Paris for some real interaction with his fans.

But if anyone is used to being a controversial figure, it's Paris, 27, and she's not likely to bow to Nicole's pressure. "Nicole is just hoping Paris' relationship with Benji goes down the toilet as quickly as most of her other relationships have. She just wants to get on with her life without Paris."

George & Sarah: SUMMER WEDDING!

His secret's out! George Clooney popped the question to his girlfriend Sarah Larson on Valentine's Day. Now it's full steam ahead — the couple is planning a lavish ceremony in Italy.

GEORGE CLOONEY recently made a surprise toast at L.A.'s Casa Vega Mexican restaurant. "George wanted me to drink to his engagement," a staffer tells *Star*. "He told me that his girlfriend got him, and he was going to be joining the old ball-and-chain gang this summer."

According to sources, George, 46, popped the question to his girlfriend, Sarah Larson, during a romantic Valentine's Day trip to Las Vegas. The couple, who started dating last June, began their evening with a romantic Italian dinner at Nove in the Palms, according to hotel sources. After dining on ravioli, prosciutto and panzella salad, George then built up the suspense by taking Sarah, 29, to the Cirque du Soleil show *Love* before heading back to the Palms' fanciest digs, the $40,000-a-night luxury Hugh Hefner Suite. "Nove and the suite are in the very tower where she used to cocktail waitress!" says an insider. "It's also where they met." After he popped the question on bended knee, Sarah accepted immediately. "The night and proposal were so thoughtful and romantic. They're absolutely made for each other."

ITALIAN WEDDING

While George's rep says there's no wedding in the works, insiders say the wedding planning is in full swing! "They're going to get married this summer at his villa in Lake Como, Italy," says a source. "George's schedule has been cleared." According to one Como local, workers are already busy getting the 15-bedroom lake home ready, and George is pulling out all the stops to get it in tip-top shape. "Everything is being cleaned, the gardeners are preparing the lawns, and the adjoining Villa Margherita, where the guests will stay, has already been repainted and decorated."

Why the big rush? Sources say the happy couple is planning to host an engagement dinner in April at the exclusive Navedano, one of George and Sarah's favorite nearby restaurants. "We're well known all around the world, and our clients are local as well as international," owner Giuliano Casartelli tells *Star*. "It's very close to town, which makes it private but easy to reach." Perfect for the 30 guests sources say the couple is inviting!

"MEANT TO BE"

George, who divorced his first wife, actress **Talia Balsam**, in 1993 after almost four years of marriage, famously made a $100,000 bet with **Nicole Kidman** and **Michelle Pfeiffer** that he would not remarry before 50. But now he'll have to pay up! "He doesn't care. George is smitten. He's deeply in love with Sarah, and she gives him peace," says the insider, who adds that George loves that his new fiancée has such a great sense of humor and is so laid-back. "It seems everything is moving so fast, but when it's meant to be, it's meant to be."

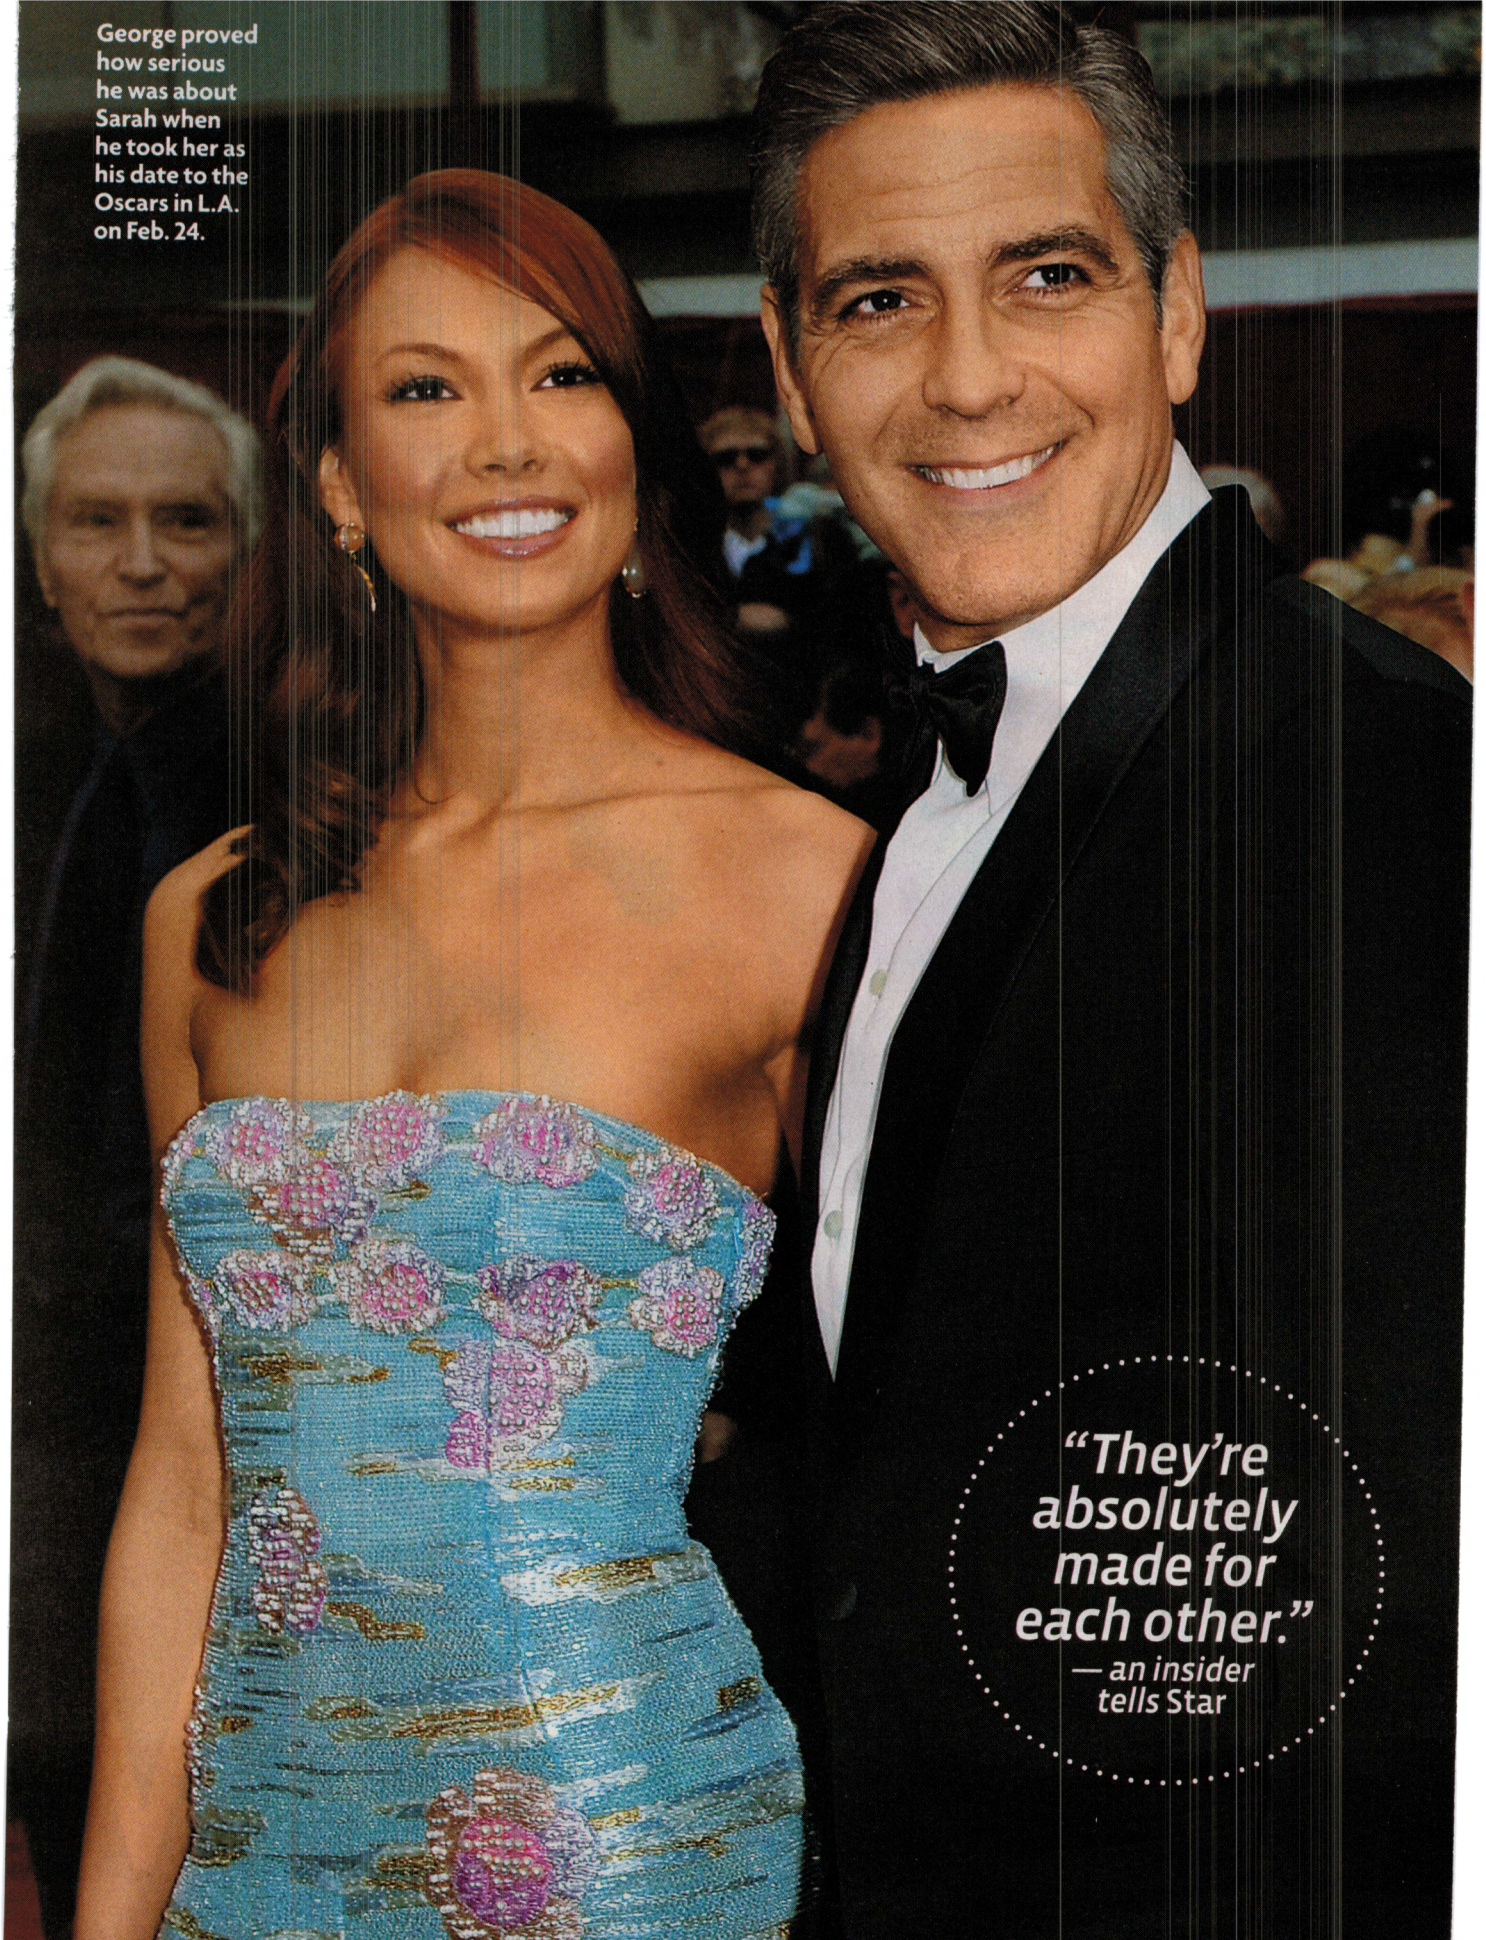
Lakeside Vows

George and Sarah plan to get married in Lake Como, Italy, at George's Villa Oleandra. The place holds sentimental value for the couple — they took a romantic vacation there last September, shortly after they fell in love.



George proved how serious he was about Sarah when he took her as his date to the Oscars in L.A. on Feb. 24.

Wed in 1975, Patrick and Lisa first met and fell in love in dance class when he was 20 and she was 15.

Patrick & Lisa: THEIR BABY DREAM

Patrick Swayze and wife Lisa Niemi's plan to adopt a child could provide a loving dose of medicine as he bravely battles deadly cancer.

"I was born to be a dad!" For **Patrick Swayze**, that statement is both hopeful and wistful. Despite worldwide stardom and a rock-solid 32-year marriage, those words are an emotional reminder of the dream that has so far eluded the *Dirty Dancing* hunk and his wife, actress/dancer **Lisa Niemi**. But even though Patrick now finds himself in the fight of his life against pancreatic cancer, their hope of becoming parents may not be shattered, says a friend. In fact, the very thought of finally becoming a dad may inspire him as he faces off against the deadly disease!

"Patrick and Lisa have been considering adopting a child for a long time, and now the hope of making that dream come true could motivate him even further in his brave battle against cancer," the friend tells *Star*. "There couldn't be a more perfect gift of love to his wife than finally bringing a child into their family!"

> ***"We've always had the plan but put it on the back burner."***
> ***— Patrick has said of starting a family***

STAYING POSITIVE

The aspiring parents have suffered tragic losses in the past. Lisa, 51, has miscarried twice — including once on Valentine's Day in 1990, which "just broke their hearts," Patrick's mom, Patsy, has revealed.

But Patrick, 55, has remained stoic — and upbeat. "If it's meant to be, it's meant to be," he has said in the years since, while adding, "We're totally committed to having a child. It's all we need to make our lives perfect." And Lisa — who was 15 when she first met her 20-year-old future husband at his mom's dance academy in Houston, where Patrick was born — has gushed, "I think he's going to be a mush of a father!"

They've certainly got the room for a new addition — acres and acres of it! The couple split their time between their home outside Los Angeles and their ranch in New Mexico, where the Swayze menagerie includes dogs, cats and horses. "We have built a life that would be ideal for kids," says Patrick. "They're the one thing that's missing at the ranch."

The friend adds, "Welcoming a child into the family now would be like putting in place an extra connection to Patrick. What a comfort that child would be to Lisa in the years to come, should the unthinkable happen and Patrick lose his battle."

TOUGH ODDS

That possibility is a stark reality. Patrick began spitting up blood in December, says an insider, and was diagnosed with pancreatic cancer — a particularly deadly form of the disease — in late January. Shortly after, he began regular visits to California's Stanford University Medical Center for radical chemotherapy treatment. Unfortunately, says the insider, the cancer has spread to other organs, and Patrick — who was put on a liquid diet — has lost more than 20 pounds.

"According to the National Cancer Institute, more than 37,000 cases of pancreatic cancer will be diagnosed this year — more than 34,000 people will die," Sridhar Mani, M.D., an oncologist and pancreatic specialist at New York City's Montefiore Medical Center, tells *Star*.

"If it is caught at an early stage, after surgery and chemotherapy patients can live up to five years and, in some cases, ▷

PATRICK'S BIGGEST HITS

DIRTY DANCING 1987

Patrick joined the Hollywood A-list after his breakout role as Johnny Castle, a dance instructor at a 1960s resort in upstate New York who falls in love with a vacationer's sassy daughter (Jennifer Grey).

Patrick was at his manly best as James Dalton (below right), a Missouri barroom bouncer working at the Double Deuce who's involved in a double-dose of fisticuffs on a nightly basis.

GHOST 1990

Talk about feat of clay! Patrick and Demi Moore put a sexy spin on the pottery wheel in this smash hit about the spirit of a murdered man who returns to look after his fiancée.

up to eight years. However, in a vast majority of patients, the cancer spreads throughout the body — and the life expectancy then is only six months."

In an emotional interview after the news of her son's cancer broke, mom Patsy Swayze reached out to "people from all over America sending in their best wishes. My son is humbled by the outpouring of caring and love.

"It breaks my heart to know he's suffering. But he bears it, and he's determined to beat this. He's hanging in there and getting the best treatment he can.

"He's got such a big heart. He's been such a good and generous and thoughtful person."

SEEING THE LIGHT

Patrick had experienced more than his share of personal heartache long before being diagnosed with cancer. His father, Jesse, an engineer who Patrick says "had that beautiful cowboy energy," suffered a sudden and fatal heart attack in 1982 at age 57. Twelve years later, his 45-year-old sister Vicky, a manic depressive, committed suicide by overdosing on her medication.

That loss increased Patrick's already heavy drinking, which was caused by his difficulty in dealing with the pressures of Hollywood stardom. Finally, he checked into rehab at his wife's urging. "Lisa saved my life," says Patrick, "because she stayed in there and helped me believe in myself."

Patrick was also on a path to find his spiritual identity. Raised as a Roman Catholic, he opened himself up through the years to a number of philosophies, including Baha'i, Native American spirituality and Buddhism. And their teachings have helped Patrick cope with the untimely deaths of his father and sister.

THE HUNK & THE CHUNK

In 1990, during one of *Saturday Night Live*'s most hilarious sketches, Chris Farley threw his considerable weight around with Patrick as they competed for a coveted job as a Chippendales dancer.

"Everything you love dies," he says. "So how do you deal with that? The only way I've discovered is a Native American philosophy. You make a commitment to honor the spirit of the person you've lost. You have to make them proud of you for as long as you live."

It's A Wonderful Life!

From growing up in a loving family to finding the girl of his dreams to gaining worldwide film superstardom, Patrick Swayze has lived an amazing life!

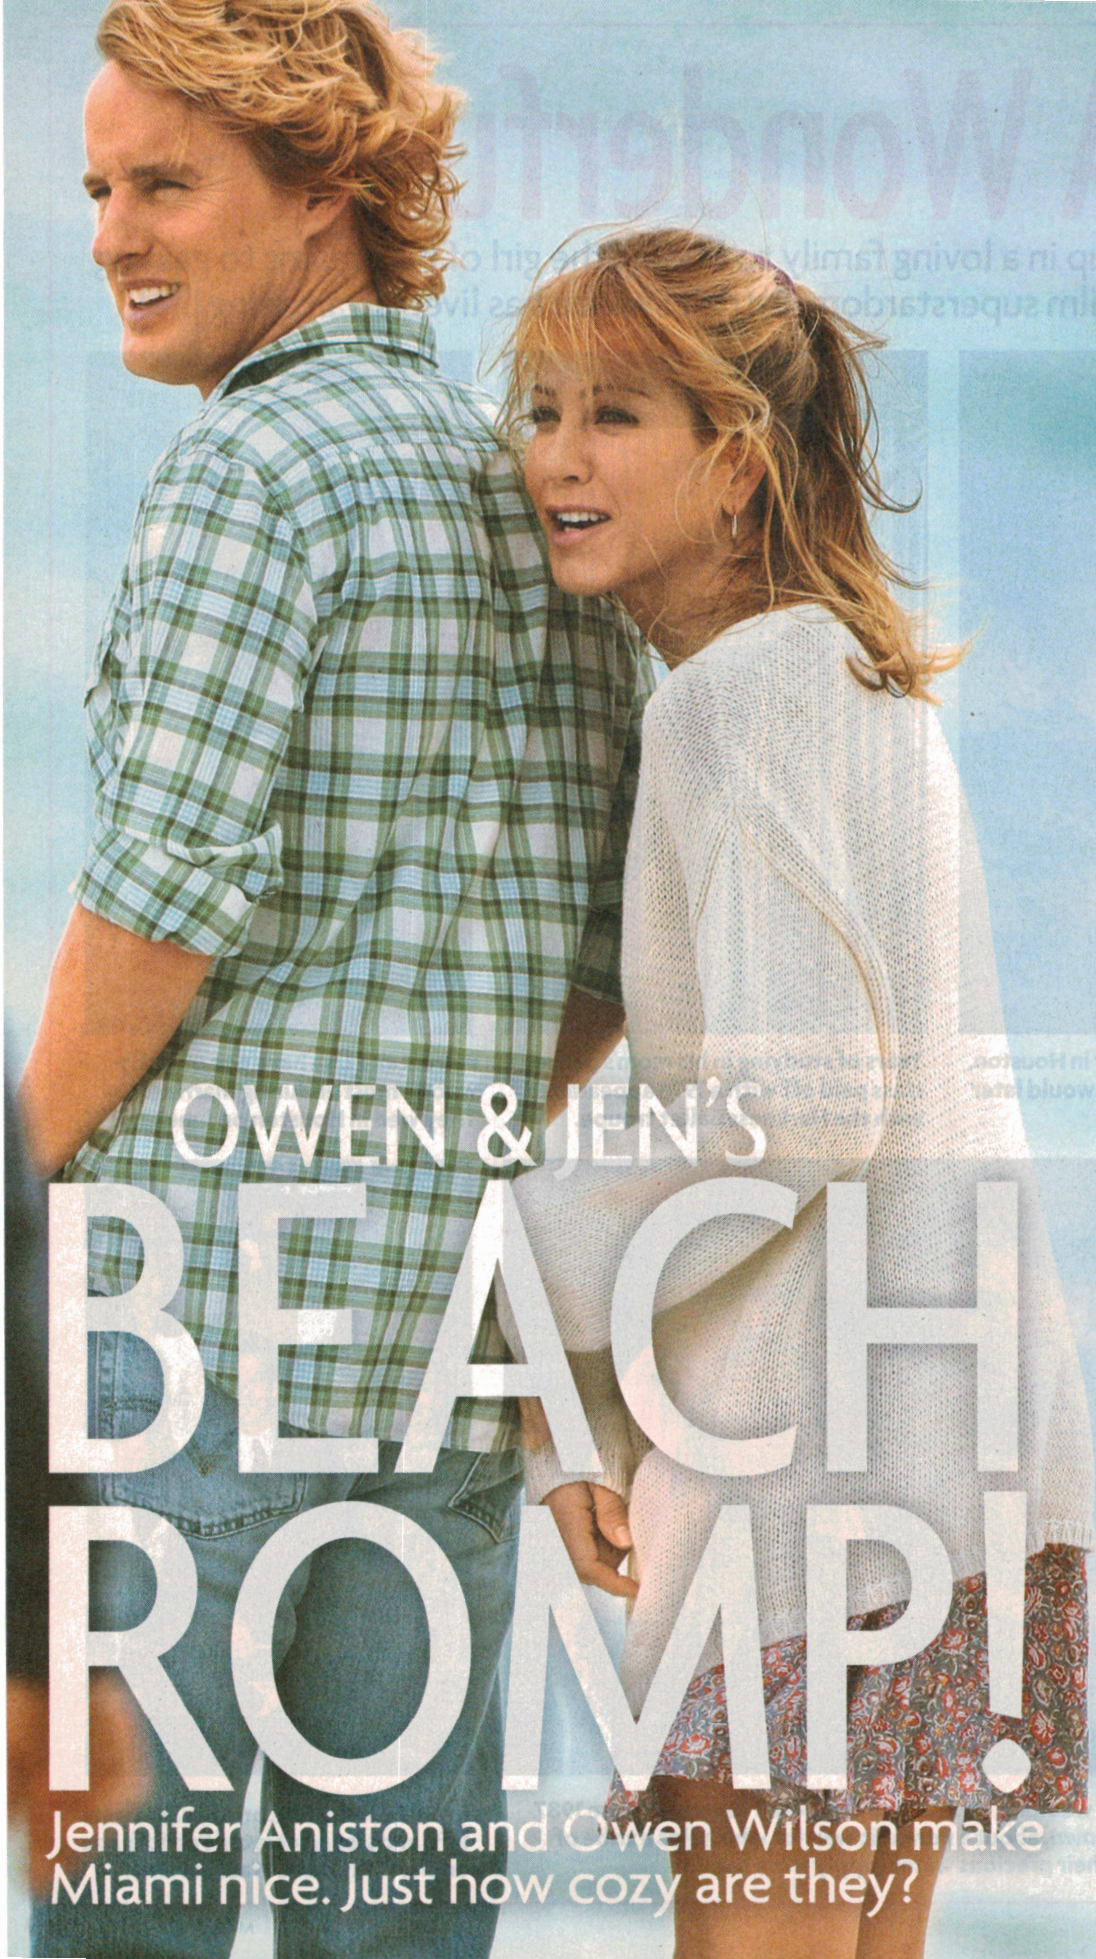
Even as a grade-schooler in Houston, Patrick had the grin that would later drive women wild .

Years of studying in his mom's dance class paid off with a 1976 appearance with the Harkness Ballet troupe.

Patrick and Lisa have one of Hollywood's most enduring marriages. They wed in Houston on June 12, 1975.

Twelve years after their wedding, Patrick and Lisa acted together in the 1987 futuristic drama *Steel Dawn*, about a nomadic warrior who helps a tribe of desert people protect their precious water supply from bandits.

In 1997, mom Patsy, brother Don (rear left) and Lisa celebrated Patrick's star on the Hollywood Walk of Fame.



OWEN & JEN'S BEACH ROMP!

Jennifer Aniston and Owen Wilson make Miami nice. Just how cozy are they?

THE temperature is rising in South Florida, and it has nothing to do with the Miami Beach sun — it's the heat radiating between costars **Jennifer Aniston** and **Owen Wilson**, who play husband and wife in the movie *Marley & Me*.

"The hugging didn't end when the cameras stopped rolling," one crew member tells *Star*. "They were very flirty together, far more than you would expect. In between takes they were hanging onto each other. They are very friendly."

"A REAL SURPRISE"

By all accounts, Jen and Owen, both 39, are having the time of their lives working and hanging out together.

"Jen wasn't looking forward to it at first because she was worried about working with Owen, but he has turned out to be a real surprise," an L.A. friend tells *Star*. "She's finding out that he's a terrific guy who's fun to be around."

Marley & Me, based on John Grogan's memoir about his beloved Labrador retriever, is Owen's first major role since his suicide attempt last August.

And it looks like his chemistry with Jen was instantaneous! "Jen is known for being a recluse on set," says the friend. "But she's having so much fun hanging out with Owen. She's just really relaxed and happy, which is nice to see."

And just because Jen's getting close with Owen in Miami while Brian's home working on **Keanu Reeves**' film *The Day the Earth Stood Still*, doesn't mean the sparks have gone. "Jennifer has been calling Brian nonstop from Miami," says a source.

TAKING IT SLOW

Hand in hand, pregnant Lisa and her fourth husband, Michael Lockwood, leave Barneys New York in Beverly Hills on March 5.

IT'S TWINS!

Lisa Marie Presley has announced to the world: I'm not fat, I'm pregnant! Now *Star* can exclusively reveal that she and hubby Michael Lockwood are expecting a pair of new babies.

LISA MARIE PRESLEY is eating for three! Elvis' only daughter admitted that she's pregnant after a torrent of cutting comments blasting her for being fat. And *Star* can now report that she's actually four and a half months pregnant — and expecting not one but two babies with her fourth husband, Michael Lockwood! *Star* has also learned that at least one of the twins is a boy.

"Michael told me that he and Lisa have been trying to get pregnant for about a year," says a neighbor in Hidden Hills, Calif. "He also said that they had a sonogram two weeks ago, and [one] baby opened its legs, and they saw something!' Michael was beaming."

But Lisa Marie wasn't when she told the world about her pregnancy after photos of her looking plump in a yellow hoodie surfaced.

"Ladies, You KNOW if you were pregnant and you felt you were expanding uncontrollably by the moment…you would be mortified as well," she wrote on her MySpace page.

Elvis' daughter is "having a really hard time," an insider tells *Star*. "She has gained a lot of weight and feels terrible about herself. She can't stand to look in the mirror. It makes her miserable. She can be nice one minute but then horrible the next. It's difficult to be around her."

> *"Michael told me they've been trying to get pregnant for about a year."*
> — an insider tells Star

"DESPERATE" FOR A BABY

Lisa Marie, 40, already has two children, 18-year-old daughter **Riley** and son Benjamin, 15, with her first husband, **Danny Keough**. They remain on such good terms that he lives on her Hidden Hills property.

After her marriage to Danny ended in 1994, Lisa Marie had two more short-lived, high-profile unions — with **Michael Jackson** and **Nicolas Cage**. But ever since she said "I do" to musician Michael in Kyoto, Japan, in January 2006, she's been so "desperate" to have another child that she tried in-vitro fertilization, says the insider.

Now that she has conceived, she's giving in to her natural cravings, another source tells *Star*. "She goes to Gelson's market with a maid and loads up two big baskets. She has vegetables, fruit, meat and milk in one basket and junk like ice cream and sweets in the other. She hates to diet. She has a healthy appetite, and she's an emotional eater."

But doctors note that "emotional" eating and considerable weight gain are often par for the course with pregnant women, especially those carrying twins, and 5'3" Lisa Marie will likely regain her slim and sexy figure.

Picture tells the story: Whispers about her weight began swirling after Lisa Marie was snapped at the Farmers Market in Los Angeles on March 2.

And her neighbor says that getting pregnant again is probably the most wonderful thing that could happen to Lisa Marie and her 46-year-old husband.

"They're a nice couple," says the neighbor. "Lisa has lived here a long time but always kept to herself. She's more outgoing and trusting with Michael."

Ashlee recently denied rumors she was pregnant, but she confirmed that she and Pete would get engaged once he asked permission from her father, Joe Simpson.

Hard partying, tattoos and dramatic weight loss. Friends fear Ashlee's cruising for disaster!

Ashlee: OUT OF CONTROL!

ASHLEE SIMPSON fans tuning into Hot 99.5 Kane Morning Show in Washington, D.C., were shocked by what they heard. "Ashlee is usually bubbly, but she was just out of control," reports one fan who listened to the rebellious singer confuse words, giggle madly and speak in weird voices during the March 4 broadcast. "She seemed drunk. Ashlee kept cracking up and interrupting the host, and at other times, she'd talk really loudly."

Worst of all, she was slurring her words. When the host asked about her new tattoo, she just said, "Yesshhh." She then claimed that she hadn't gone out the night before, but instead was hanging out with her musicians in their hotel getting body art. In a March 6 posting on her MySpace page, Ashlee insisted that she wasn't drunk during the show and "would never disrespect anyone and come into an interview that way." The fan counters: "I'm sure they weren't just drinking water all night!"

SCARY SKINNY

But it's not just one strange interview that has fans and friends fearing the 23-year-old singer is spinning out of control. "Ash has been looking scary skinny lately," a pal tells *Star*. "Her friends are afraid she's losing weight because she's been out on the party scene too much."

After examining photos of Ashlee, New York-based body image expert. Edward Jackowski, Ph.D., estimates that she has dropped from 135 pounds just a few years ago to 105 pounds today. "She's lost her shape," he says. "She doesn't even look like the same person!"

So who's to blame for Ashlee's wild lifestyle? Some insiders point to her relationship with Fall Out Boy rocker Pete Wentz, 29. "Many people who know Pete think he's a terrible influence on Ashlee," says the friend. "But they've been inseparable ever since they started dating a year ago." And Pete, note insiders, loves the nightlife. He's part owner of the New York City bar Angels & Kings, and he and Ashlee are often seen hitting the clubs on both coasts.

San Francisco-based psychologist Joshua Coleman, who has not treated Ashlee, tells *Star* that her extreme behavior is a warning sign of deeper problems. "She's trying to find an identity through external sources because her internal world is so fragile and unresolved." Her pal agrees. "Ashlee's lost sight of who she is. She needs to slow down and refocus on really taking care of herself."

Without AKEUP

The results aren't always pretty when stars dare to go bare! Here's proof that even A-listers need help putting their best faces forward!

Miley Cyrus

How much makeup does a 15-year-old need? Certainly not a lot...but a little can be a major improvement! The *Hannah Montana* phenom is so blandly unrecognizable when her eyes are bare, she could probably do the unthinkable: walk through a fan-infested shopping mall unbothered!

Katherine Heigl

No wonder the *27 Dresses* star looks none too pleased about being caught with her face au naturel! Without a glam red-carpet makeup job, Katherine, 29, looks more like a harried coed than Hollywood's newest movie princess!

Katie Holmes

For a fashionable star who even looked good running the NYC marathon, this is a rare sight. But chances are the on-the-go actress, 29, is probably just off to a makeup or hair appointment and will meet up with **Tom** later as her dazzling self.

Sarah Chalke

The *Scrubs* star needs some blush — stat! The fair-skinned Canadian, 31, is looking a bit colorless while walking in L.A. On the bright side, without makeup (or costar **Zach Braff**), she's definitely incognito!

Gisele Bündchen

It's a miracle — the supermodel, 27, looks average! It's a good thing someone got a picture of the makeupless beauty, because, like a solar eclipse, it could be years before we see this kind of thing again!

Jessica Simpson

Kim Kardashian

For someone who studied the **Paris Hilton** playbook on how to get famous, you'd think Kim, 27, would remember that Miss Hilton never leaves the house without looking her million-dollar best. Maybe it's just the reality star's way of, well, keeping it real.

Kate Hudson

Does the romantic-comedy star morph into an ugly duckling when the cameras stop rolling? Of course not, but the 28-year-old actress did get caught without key beauty basics, like under-eye concealer. Don't worry, she's still a goddess — and she'll still get the guy in the end!

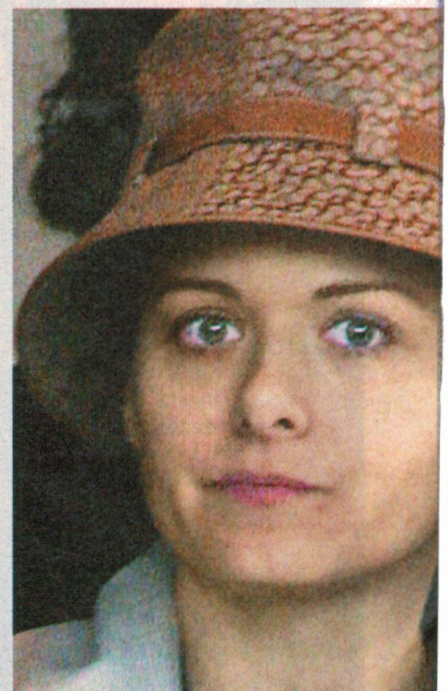
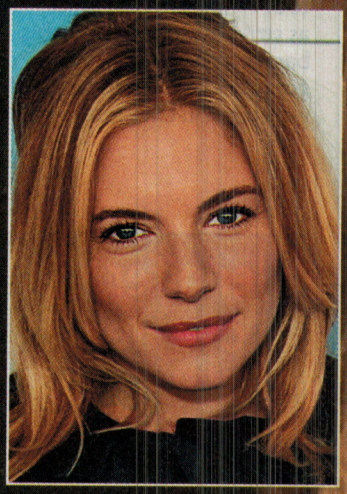
Duff's face in the buff: not her best look! Although she's only 20, the makeup-free starlet looks haggard around the eyes without her customary dark liner. And the sensational shot below proves that even a hint of pale blush and lip gloss make her features pop!



Sienna Miller

For an infamous party girl who admits to smoking and drinking to excess, the British starlet has a surprisingly unravaged face! Still, a word of warning, Sienna: Lay off the damaging vices or expect some nasty beauty surprises in just a few years!



Debra Messing

Demi Moore

Finally, photographic proof that the usually flawless 45-year-old has not found the fountain of youth! While there's no denying that the mom of three looks great on the red carpet, sans makeup her years are strikingly evident in her sagging jowls and the deep lines around her eyes.

Laura Linney

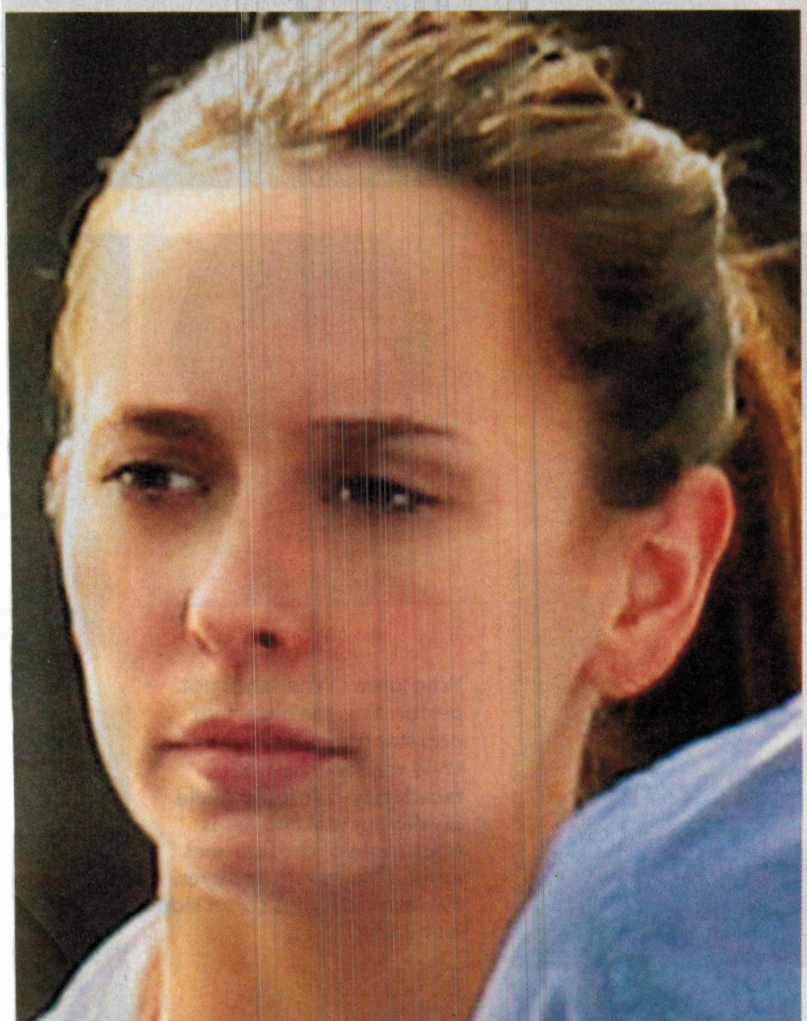
The recent Oscar nominee for *The Savages* certainly has reason to shine. But the glare coming off her powder-free face is nearly blinding! And without makeup, the 44-year-old's thin pucker and pale-lashed blue eyes nearly fade away. At least her dimples still charm!

Jennifer Love Hewitt

Jennifer's status as a Hollywood hottie seemed in jeopardy after controversial bikini shots surfaced last year. So you'd think the actress, 29, would try a little harder when she steps out of the house these days. Or is this plain-Jane look, which reveals her prominent brow, an attempt at going incognito?

Carrie Underwood

You can't hide behind oversize shades and a head scarf, Carrie! Luckily for the 25-year-old country sensation, her bare peaches-and-cream complexion and pretty pout make a more lasting impression than that lazy-day hair and getup!



Rebecca Gayheart

So this is the face Dr. McSteamy wakes up to each morning! While the 36-year-old former Noxzema Girl (and wife of *Grey's Anatomy*'s **Eric Dane**) still has good skin, she's hardly worth a second look unless she plays up her electric baby blues.

Even a natural beauty can use an assist! It doesn't help that the sporty brunette star's newly platinum-blonde locks wash out her complexion. But simply filling in her brows and using under-eye concealer would go a long way toward bringing the 26-year-old's sexy back. In any case, beau, **Justin Timberlake** is one lucky guy!

Kathy Griffin

Cheerfully posing for this makeup-free shot may be the funny girl's most outrageous act ever! The 47-year-old's toxic-orange hair completely overwhelms her pale skin — and, please, get her an eyebrow pencil ASAP. Yet amazingly sans makeup she looks so much younger!

What's the secret to the Dreamgirl's success? Killer pipes, of course, and maybe just a smidgen of foundation, blush and lip gloss! The former *American Idol* star, 26, got caught without makeup and luckily **Simon** wasn't around to criticize.

Ombré works for any occasion: black tie (see Ali), cocktails (see Thandie) or casual — it all depends on the material! Silk or cashmere ombré is perfect for dressy evening events, while bleeding hues on cotton or patent leather are great for daytime.

Kristin Cavallari

Kristin sported shoulder-length locks last summer (inset), but now, just months later, her hair is eight inches longer! There's no way her hair could have naturally grown that fast! Clearly, she's flirting with extensions. You can, too!

THEN

NOW

Great Lengths

It is possible to get Rapunzel-length locks like Kristin — fast! Here, celebrity hairstylist Ken Paves tells how to do it at home.

A great piece: hairdo. 22" clip-in straight extensions, $100, ULTA stores.

Let Down Your Hair

Celebs drop thousands on professional extensions to give their hair added length for months. But you can get the length without the cash or commitment! Opt for one-piece clip-in extensions like the one shown at left — they're easy to attach and blend in with natural hair seamlessly. Be sure to choose a texture that matches your natural hair or the texture you want to achieve. (So if you want to be sleek like Kristin, select a straight faux hairpiece, not a wavy one.) To style, tease and hairspray the areas where you will clip in the hair piece. (Teased hair is textured, so clips will remain securely affixed.) Once the pieces are clipped in, comb over gently to smooth bumps and lumps.

Strong Stares

Want eyes to stand out? Go dark (and heavy!) with liner and softer with lip color. The combo is universally flattering, as long as you use the right hues for your complexion. Here's how to get looks that kill.

Impactful Eyes

❖ Dark eyeliner is essential for this look. If you are medium- to dark-skinned, like Monica, use traditional black. Fair like Jaime? Opt for charcoal gray instead. The look will be just as dramatic but less harsh.

❖ Line both inner and outer rims of eyes with your chosen pencil. (Chubby ones are best, as they quickly draw the thick lines desired for this look.) Finish with mascara — black is best for all skin tones!

TRY (From left) Benefit BADgal eye pencil, $18, benefitcosmetics.com. Bourjois Paris Yes to Volume! No to Clumps! mascara in Noir Insoumis 31, $14.50, sephora.com. Stýli-Style flat eye pencil in Cairo, $7.50, styli-style.com.

Soft, Subtle Lips

❖ Eyes this strong call for a more neutral lip. It's a balancing act! Lasses with lighter skin tones should use pastel pinks, while gals with olive to dark complexions look great in soft peach. To kick the look up a notch for night, opt for lipstick with shimmer, as on Monica.

❖ To apply: Line and fill in lips with nude lip liner to prevent unsightly color bleeding. Slick on lipstick; blot, then reapply.

TRY (From left) Clinique Long Last Soft Shine lipstick in Honey Gloss, $14, clinique.com. Laura Mercier lip pencil in Ambrosia, $19, sephora.com. Giorgio Armani lipstick mania in #31, $25, giorgioarmanibeauty-usa.com.

Piece It Up

Debating whether to wear your hair up or down? Why choose? As these stars prove, you can have it both ways — and the look is superfeminine! Here's the lowdown.

Kelly Preston

Fergie

Great Compromise

IT'S easy to create these gals' girly 'dos — fast! Work antifrizz cream through damp hair from roots to ends; blow-dry as desired. Comb hair around crown toward the back of head and secure with a claw clip. At night, glam up your hairstyle with an ornate barrette, as on Kelly. Hair tend to fall flat? Work "plumping" lotion through locks before drying to add body and texture, then tease hair around crown to create lift. Allow soft wisps to fall to frame face — as on Molly, Kristen and Fergie — or sweep bangs to the side, as on Kerry!

TRY (From left) Metal hair claw by Style Solutions, $8, sallybeauty.com. Neutrogena Triple Moisture Smooth Shine Anti-Frizz cream, $6, drugstores. Frédéric Fekkai Advanced Haircare: All-Day Hair Plump, $95, neimanmarcus.com.

TV

Star has the inside scoop on some of *Lost*'s most intriguing riddles from the hot new season!

More Lost Tha

END IN SIGHT
Lost's gripping new season has earned the show its best ratings in years. "The fans dig the flash-forwards," producers Damon Lindelof and Carlton Cuse tell *Star*. "We think they're feeling the same as we are — that the show is actually working toward something." Like the series finale in 2010, which gives greater weight to events like the death of Naomi. Locke literally stabbed Naomi in the back — and these days, that looks like a smart move!

DRAMA MAMAS
Pregnancy is fatal for women who conceive on the island, so what will become of Sun (Yunjin Kim, top left) who's expecting? Speaking of babies: Is Aaron one of the Oceanic Six? Lindelof and Cuse reassure *Star*: "Don't worry! You're supposed to be disputing what's going on with Aaron. Ask us again next week. Wink-wink!"

NOT A RESCUE MISSION
Apparently, pilot Frank (Jeff Fahey, bottom left) and physicist Faraday (Jeremy Davies, bottom right) were handpicked to come to the island. And you'll soon find out why. "The freighters' intentions will be revealed this season," Lindelof and Cuse tell *Star*. "Big time!"

Project Runway Winner

At 22, this fan favorite is the youngest designer to sew up the reality show's top honor!

Christian Siriano

FASHIONISTAS are already fawning over *Project Runway*'s latest and fiercest winner, **Christian Siriano**. Even guest judge **Victoria "Posh" Beckham** promised to wear some of his fabulous designs. *Star* caught up with the Annapolis, Md., native at the TRESemmé *Project Runway* Finale Party in New York City for a sassy, candid chat.

Q: Your confidence seemed to wane toward the end. Why?
I can make clothes quickly and be creative. But [fellow finalists] **Jillian [Lewis]** and **Rami [Kashou]** are really talented and had a lot of time, so it was nerve-racking to compete against them. I just really wanted and needed to win.

Q: What are you planning to do with the $100,000 prize money?
Buy a bed! It's going to be flawless. I don't care how much it is. Something beautiful and comfortable and big. I want it to take up my whole room — which won't be hard! The rest I will use for designs, so I can show next season.

Q: Any particular celebrities you would like to design for?
I'm ready and willing to design for anybody who wants to knock on my door! I would love to dress **Cate Blanchett** and **Sarah Jessica Parker**. And **Heidi Klum**, of course! I think she'd look amazing in my black flounce wool coat.

Christian's final collection wowed at NYC's Fashion Week.

Q: Anyone you wouldn't design for?
Right now, I can't toot my own horn and turn people away. I would love to save **Britney**. She needs help, so that would be fun. It would be a full makeover, starting with her hair. I would take her and save her, and she'd be so good!

Human Giant

Airs Tuesdays at 11PM on MTV

From left: Giants Rob Huebel, Aziz Ansari and Paul Scheer.

MTV's hilarious comedy trio is back with raunchy new skits — they even poke fun at the Olsens!

Big Laughs!

HOW does Human Giant, a three-man sketch comedy troupe, compete with the likes of **Paris Hilton** to get attention? "We did a sketch where Rob gets out of a car and pictures of his [female private part] become an Internet sensation," HG's **Paul Scheer** tells *Star*. "The only problem is that it becomes more famous than he is!"

This is just a small sample of the madcap comedy in store on the group's second season on MTV. **Rob Huebel**, **Aziz Ansari** and Paul skewer everything from gun-toting monkeys to **Criss Angel**!

And even if you miss the show, you may still get a glimpse of their crazy sketches — they've become a huge hit on the Internet. "**Will Ferrell** just named one of our sketches his favorite and posted it on his site, funnyordie.com," Paul brags. "In it, **Will Arnett** gets caught in a very risqué sex tape with the **Olsen** twins!" Sounds like these guys have found their niche! ★

Entertainment Reviews

BY KATHLEEN PERRICONE

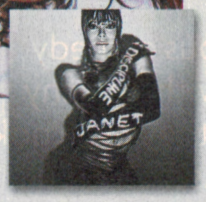
Flo Rida

Mail On Sunday

Thanks to the megasuccess of his club jam, "Low," the Florida-based rapper got to work with a dream team of hip-hop producers on his debut album, including **Timbaland**, **will.i.am** and **Sean Kingston**. And the result is a disc jam-packed with tracks that'll make you want to shake your booty.

HIT-MAKER: Flo Rida's electronic-rap second single, "Elevator" is already burning up the charts, and he has a slew of additional hits in his arsenal, including the Black Eyed Peas-esque "In the Ayer."

★★★☆



Janet Jackson

Discipline

After the failures of her last two albums, Janet really needed to prove she's still got it — but this effort isn't very convincing.

NO RHYTHM NATION: Aside from "The 1," a fun dance track with **Missy Elliott**, the rest of Janet's 10th album is repetitive and, at times, dull. Then, between songs, she has bizarre conversations with a robot. But things get downright creepy on "Discipline," when she asks her "Daddy" to take off her clothes. Miss Jackson, you're nasty!

MUSIC

Dolly Parton
Backwoods Barbie

The well-endowed blonde may still look like a Barbie doll, but backwoods she ain't. This is the 62-year-old's first country album in 17 years — and it's worth the wait!

COWGIRL GETS THE BLUES: Dolly belts out her recipe for a happy life on the toe-tapping first single, "Better Get To Livin'," yet admits she gets the blues on "The Lonesomes." She bounces back on a rock-country remake of the Fine Young Cannibals hit "She Drives Me Crazy." ★★★☆

Panic At The Disco
Pretty. Odd.

For such a young band (all the members are under 22), Panic's sound is quite mature — say, about 40 years old! Their near-perfect second album sounds like an ode to The Beatles' 1967 classic, *Sgt. Pepper's Lonely Hearts Club Band*.

FUN LYRICS: The whimsical songwriting that Panic's known for carries over, especially on the orchestral first single, "Nine in the Afternoon," and the countrified ditty "Folkin' Around." ★★★½

WHAT Icelanders consider a delicacy, Americans might find absolutely disgusting. That's where chef **Andrew Zimmern** comes in. He travels the world to taste various "specialties," such as rotted shark in Iceland or bats in Thailand. "We give people a serious look at different cultures," Zimmern tells *Star*. "I believe we can cross a lot of hurdles by sharing food." Bon appétit!

Q: So what can fans expect to see you eat this season?
We go to Beijing to some of the most famous donkey restaurants. They eat the whole animal there, including the tail.

Q: Do you only travel outside of America?
We did one episode in Minnesota that was fantastic. Just to be able to show Americans that the Midwest has some of the strangest food in the world — like cheese soaked in goat urine!

Q: Do you ever turn down certain foods?
All the time — I'm adventurous, I'm not stupid. One time I turned down chicken intestines because I could see that they hadn't been cleaned.

Q: Would you ever try cannibalism?
I think that would be a firm no. You have to draw the line somewhere. ★

DR. SEUSS' HORTON HEARS A WHO!

WHO'S IN IT: The voices of Jim Carrey, Steve Carell

WHAT IT'S ABOUT: In this computer-animated version of the Dr. Seuss classic, an elephant named Horton (Carrey) must save a world of people who live on a speck of dust.

SMALL WORLD: This gorgeously animated movie is really a story about believing in something you can't see. No one thinks that Horton can hear tiny people, and no one in Who-ville thinks the Mayor (Carell) is right when he says there's a bigger world than theirs. Of course, everybody learns a lesson in the end. This is a great family film that's funny for all ages.

LONG STORY SHORT: It's Seusstastic! ★★★½

FUNNY GAMES

WHO'S IN IT: Naomi Watts, Tim Roth, Michael Pitt

WHAT IT'S ABOUT: A couple (Roth, Watts) on vacation with their son become pawns in a sick game played by two violent thugs.

PAINFUL TO WATCH: Want to watch a couple of crazy guys take a family hostage, then casually torture them?

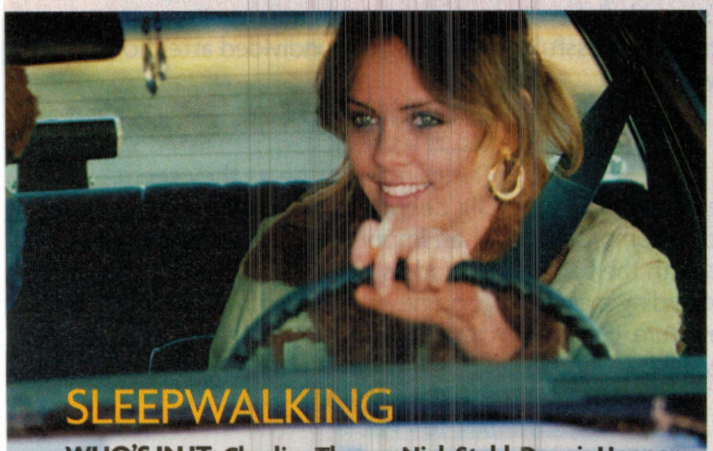
Fortunately, most of the violence perpetrated by psychotic preppies Pitt and **Brady Corbet** is off camera. And although somewhere there's a point here about the way audiences thrive on the thrills of violent movies, it's hard to find it under all the madness. What it adds up to is a disturbing and slimy film that pretends to be intellectual.

LONG STORY SHORT: You'll want to shower afterward. ★½☆☆

JOHN ADAMS

Premieres Sunday, March 16, at 8PM on HBO

This fascinating miniseries about the founding father isn't just for history buffs! While the seven-episode series, produced by **Tom Hanks**, shows the good works Adams did to form a new nation, it also focuses on how he struggled to keep his troubled marriage to Abigail (**Laura Linney**) together. Oscar nominee **Paul Giamatti** makes Adams a human being — and not always a likable one. A very interesting and entertaining take on a great but flawed American. ★★★★



SLEEPWALKING

WHO'S IN IT: Charlize Theron, Nick Stahl, Dennis Hopper, AnnaSophia Robb

WHAT IT'S ABOUT: A young man (Stahl) returns to his father's farm to raise his niece (Robb) after her mother (Theron) abandons her.

TIRED STORY: It's the feel-bad film of the year. Instead of helping to raise his granddaughter, the dad (Hopper) is viciously abusive and practically turns his son and granddaughter into slaves working on the farm. There are some strong performances from Stahl and Robb but not much else to recommend in this slow and generally predictable drama.

LONG STORY SHORT: The title says it all. ★☆☆☆

REESE WITHERSPOON
Turns 32 on March 22

PISCES
FEB. 19 – MARCH 20

Some time alone helps to clear the mind of clutter. Trust your instincts, and don't be tempted by others. News of a bonus or pay increase is in the cosmic mail system, so stand by. Career recognition comes just at the right time — start celebrating!

ARIES
MARCH 21 – APRIL 19

Get ready for an intense and exciting period. Don't make important love judgments until you're sure. At work, if you want things to change, they can — the ball's in your court!

TAURUS
APRIL. 20 – MAY 20

Beware of being overly critical. Unless your critiques are constructive, it could spell trouble for your relationship. Career plans pick up speed, and opportunity knocks.

GEMINI
MAY 21 – JUNE 20

Others listen intently and are buying whatever you're selling. Use your power wisely. A stressful moment can cause someone to explode. Don't overreact.

CANCER
JUNE 21 – JULY 22

A business contact offers an opportunity, but be sure to do your homework before proceeding. For those in love, some solo time will help provide answers. When dealing with money, keep everything above board.

LEO
JULY 23 – AUG. 22

Someone reveals a major secret! Hold on to the information, as it could be valuable later on. Don't give up on love — it's worth fighting for. At work, sit tight; a stressful scenario is almost over.

VIRGO
AUG. 23 – SEPT. 22

For love to survive, keep an open mind and be prepared to compromise — take the good with the bad! A long-overdue talk regarding money sets new rules for the future. If a situation is moving slowly, take action.

LIBRA
SEPT. 23 – OCT. 22

The future is bright, but first you need to take care of unfinished business. A social event provides an opportunity to meet new people. Remember: As one door closes, another opens.

SCORPIO
OCT. 23 – NOV. 21

If you really want the truth, do some detective work of your own. But prepare yourself, as things may never be the same. At work, be a leader, not a follower. You're in a powerful position to make a change; be proactive and follow through!

SAGITTARIUS
NOV. 22 – DEC. 21

Your key word is flexibility! A last-minute family commitment can lead to a quick reshuffling of your day planner. The presence of a mysterious person can cause excitement that gets your undivided attention.

CAPRICORN
DEC. 22 – JAN. 19

Things may not be as they seem. Dig deeper to get to the bottom of an important matter. Something at work is due to end or start. It's good news, and reaffirms that life can change in an instant.

AQUARIUS
JAN. 20 – FEB. 18

On the domestic scene, get ready to do some damage control. To win at work, keep an eye on coworkers and competitors. Enlist a secret spy if necessary to stay one step ahead. With love, it may be best to let someone else make the first move.

SCORING

MOSTLY As: You like your bread crispy on the outside, with a satisfying filling! You're spontaneous and outgoing, which complements your eating habits. When it comes to making decisions on what to eat, you live to the max. You are determined to eat foods you crave, except when dieting. This is a positive sign that you enjoy relationships and have a full, happy home life.

MOSTLY Bs: Your taste buds appreciate all types of food, but you're a little shy eating without a fork and lots of napkins. You don't enjoy getting relish or other toppings (like chili) on your hands. This reveals your knack for organization and planning. Your reflective nature is best suited for plain foods that are delicate in flavor with subtle aromas.

TUMMY FLATTENING GEL™

Finally... A Slimming Gel That Really Works.

By Tiffany Strobel

"The Epidril® formula in Sövage™† Tummy Flattening Gel makes any problem area – waist, thighs, hips, buttocks, even a double chin – look thinner, trimmer, tighter." – Dr. Daniel Mowrey, Ph.D.

Don't let the name fool you...

Tummy Flattening Gel™ (TFG) not only makes your tummy and abs look great, but it also lets you reduce the appearance of bulging pockets of unsightly fat wherever they appear. (That's why no less than the famed *Washington Post* dubbed Tummy Flattening Gel's active compound "The Dream Cream.")

Put TFG on your thigh, it goes to work directly on your thigh. Thick around the middle? Apply TFG to your waist or tummy and (with diet and exercise, of course) watch as they begin to appear thinner, trimmer and tighter. You can even apply TFG to your double chin. Wherever you've got those unsightly lumps and bumps, there's nothing better than topically applied Tummy Flattening Gel... "The Dream Cream". See you at the cosmetic counter!

Available at Macy's, Saks Fifth Avenue, Bonton, Ulta and Gottschalks ($119.00), or directly from Sövage™ Dermatologic Laboratories™ online at Sovage.com or by calling 1-800-538-3017.

"This new, highly concentrated formula finally allows for precise, targeted application... making it the first true 'spot-reducing gel.' In simple terms, Sövage Tummy Flattening Gel makes your midsection (or anywhere else you apply it) look flatter, trimmer and much more well defined."

— Dr. Nathalie Chevreau, Ph.D., R.D., Director of Women's Health, Basic Research® L.L.C.

CURBED

Britney Spears will have to cut back on her shopping habits. At the request of her dad, Jamie, an L.A. Superior Court judge agreed on March 10 that the troubled pop star can once again have a credit card — but with a limit of $1,500 a week. But Brit might have new earning potential. She has reportedly signed on to guest-star on the CBS sitcom *How I Met Your Mother*.

HELL ON WHEELS

It looks like **Simon Cowell** has a new way to outrun angry *Idol* fans — and he's paid a whopping $1 million to do it. He's tooling around Los Angeles in a Bugatti Veyron, the world's most expensive sports car. The French-made auto is the fastest car that can be legally driven outside of a racetrack.

With more than 1,000 horsepower, it can reach 250 miles per hour. Simon bought the car last October while on a spending spree during which he also bought a Rolls-Royce Phantom Drophead Coupé, which he calls "the most beautiful, most comfortable, best-engineered car ever built."

PRODUCING

A new week, a new venture for budding impresario **Justin Timberlake**: The multitalented mogul announced March 7 that he will executive produce an NBC pilot called *My Problem with Women*. It's based on a Peruvian sitcom that follows a hapless bachelor who enters therapy in order to understand his romantic failures. ★

Grabbing some Ashton!

Look out, Demi! Your husband is playing footsie and stealing kisses with a hot young beach babe! For lucky Ashton, it's all just a day's work: After some time away from the big screen, he's filming *Spread* on California's Manhattan Beach with pretty Margarita Levieva. And by the looks of things, he's enjoying it!
